There's Much To Consider in Buying SILVERWARE

Most important of all is the dealer. Reliable dealers limit their selections to dependable and recognized patterns only, in both the sterling and plated ware. Jaeger Bros. is a reliable house. Among our selections in sterling silver are such popular patterns as Mary Chilton, Fairfax, Washington, Lafayette, Chatham and others.

The princess and Hudson are two of our leading patterns in high grade plate. Set of 6 teaspoons in the Hudson for \$2.00. Three-piece Tea Sets in plated ware as low as \$10.00.

OUR SPECIAL \$100 DIAMOND RING offers the utmost in value. If goods when received are not satisfactory, money will be cheerfully refunded upon their return.

THREE GERMAN AIR RAIDERS SHOT DOWN

Nine Killed and 42 Wounded in Fifth Attack Delivered on London Within Week.

London.—British naval air patrols destroyed two enemy machines and brought down another, says an official announcement, regarding the Sunday night raid on London. A Gotha also was brought down and is believed to have been damaged. All the British machines are safe. Nine persons were killed and 42 injured.

The air raid Sunday night—the fifth within seven days—as far as available details show, accomplished nothing important for the enemy. The claim that the new "air barrage" acts as a powerful deterrent to the raiders seems to have been justified further in the latest attack. An immense number of guns of various calibers were in action.

One invader was driven from London by the guns of the fleet. Southwest of the capital another was seen over the Thames estuary. It was hemmed in by shell fire and wriggled for half an hour trying for an exit from what seemed a triangle of bursting shells. It finally escaped seaward.

A half dozen bombs were dropped in a suburban district without causing casualties or important damage. One of the bombs narrowly missed striking a hospital.

The newspapers, while commending the vigor of the defense, still call for other measures and advocate reprisals on German towns.

FRENCH AIRMEN BOMB STUTTGART

Paris.—French airmen successfully bombarded the German city of Stuttgart, it was officially announced.

Two French machines dropped the explosives over Stuttgart, the official announcement said. The raid occurred Saturday evening. It was in reprisal for German bombardments around Bar le Duc.

Stuttgart is the capital of the kingdom of Wurttemberg and is located 90 miles west of Munich. It is at least 132 miles from the nearest part of the French battle line in the Vosges.

The city is one of the most picturesque of the German towns and contains some ancient buildings.

JAPAN TO PROTECT CHINA

Ishii Warns Other Nations to Keep Their Hands Off China.

New York.—Proclaiming a Monroe doctrine of the far east, Viscount Ishii, head of the Japanese mission to the United States, warned the nations of the world in a speech here that his country will not tolerate aggressions against the territory or independence of China. At the same time he pledged Japan not to attempt similar aggressions on her part.

"Circumstances for which we were in no sense responsible gave us certain rights to Chinese territory," Viscount Ishii said, "but at no time in the past and at no time in the future do we or will we seek to take territory from China or to despoil China of her rights."

Then with dramatic earnestness he expounded the "hands off" policy of his government.

"We not only will not seek to assail the integrity or the sovereignty of China, but will eventually be prepared to defend and maintain the integrity and independence of China against any aggressor. For we know that our own landmarks would be threatened by any outside invasion or interference in China."

Moline-Universal Tractor

AS POWERFUL AS FIVE HORSES

See It Work

At the Inter-State Fair in Prineville, October 3, 4, 5, 6

REQUIRES LESS CARE THAN ONE HORSE

Come and see this real one-man tractor work. See for yourself the power, adaptability and easy control of

MOLINE-UNIVERSAL

It pulls the usual 5-horse load and does the work of seven horses owing to greater speed and endurance; and delivers 12 h. p. for belt work.

It attaches direct to a plow, disc harrow, planter, drill, mower, binder, corn binder, etc., so that one man has absolute control of the entire outfit.

It will solve your help problem and reduce the number of your horses.
