

**LADY PASSENGER AGT. IN CHARGE OF SPECIAL**

**WILL LEAVE PORTLAND ON MONDAY MORNING NEXT**

**LUNCHEON WILL BE SERVED**

**Here Man Will Have Nothing To Do Until Their Arrival at Redmond In The Afternoon**

When the special train leaves Portland, Monday morning with the delegates for the meeting of the Oregon Federation of Women's Clubs in this city, Miss Avis Lobdell, passenger agent for the O-W. railway, will be in charge.

She visited Prineville weeks ago, secured data concerning the city and community, and has worked for weeks securing delegates for the meeting.

Luncheon will be served on the train by Miss Lobdell, and every step will be taken to insure their comfort and entertainment for the trip.

In fact there will be but few men necessary to conduct the delegation until Redmond is reached, when autos from this city will conduct the delegates to Prineville.

Here they will be greeted by the High School Band.

The streets will be decorated, show windows dressed for the occasion, and other steps taken for their entertainment.

**PROCLAMATION**

STATE OF OREGON, EXECUTIVE DEPARTMENT

Salem, Ore., Oct. 19, 1917.

WHEREAS, the American people have set themselves the task of raising a second Liberty Loan of from three to five billion dollars.

Twentieth century war requires vast sums of money. The requirements are far beyond what the wealthiest country can raise by taxation. The great nations of Europe have been at war for three years. They have floated loan after loan successfully. It is unthinkable that this country should fail with its second loan, six months after the declaration of war; and

WHEREAS, failure to provide the necessary money would mean failure properly to provision and equip our troops. An army insufficiently equipped and supplied is led to unavailing slaughter. We owe to those who are to do the fighting to stand behind them loyally, to give them everything which will add to their efficiency, and bring nearer the day of victory. Let us not fight this war half-heartedly, with one hand behind our backs. Let us fight it manfully, in a manner worthy the best traditions of the Republic; and

WHEREAS, Oregon's share of the fund required is sixteen and a half to twenty-four million dollars. This is a sum too large to be raised without the cooperation of the whole people. Every Oregonian with an income should consider it a duty and a privilege to purchase one or more bonds, in proportion to his means. The Government asks us not to contribute, but to invest. There is no safer investment in the world than a loan to the United States;

NOW, THEREFORE, by virtue of the authority in me vested, as Governor of the State of Oregon, I, James Withycombe, Governor, do hereby proclaim the week of October 14th to 20th, 1917, as PATRIOTIC WEEK. Oregon has thus far responded to every appeal. We have given the flower of our young manhood. Let us not be a sordid people. Let us not place greater store by our money than by our men. If our people can only be aroused to the necessities of the situation we cannot fail to have the cooperation which will spell success.

IN TESTIMONY WHEREOF, I have hereunto set my hand and caused the Seal of the State of Oregon to be hereunto affixed, this 10th day of October, A. D. 1917.

JAMES WITHYCOMBE, Governor.

 If you have any trouble with your feet, call and see me. Sewed work a specialty. Shop in W. J. Hughes Harness Shop, Prineville, Ore.

**A Remarkable Invention**

It is no longer necessary for the motorist to get stuck. This little device, if carried in his tool-box, multiplies his power by 73, and makes him independent of road conditions. If his auto sticks in the mud, skids into a ditch or overturns, he can right it in 10 minutes by simply driving the three stakes in the ground, attaching

**PULL-U-OUT**

to them and to the auto and giving the ratchet crank a few easy turns. The stakes will hold, even in very soft ground—and out comes the auto. No trouble, no expense, not even soiled clothes! This wonderful little device lifts a ton, of dead weight, or pulls 50 tons on wheels; yet its shipping weight is only 28 lbs., and it fits easily into a space 4x6x14 inches.
