FAVORABLE COMMENT

Much favorable comment has been showered upon Prineville recently because of the fact that the most important meeting of the year in the feminine world is taking place in our city.

Besides numerous smaller press notices, the leading article in the woman's section of last Sunday's Oregonian was on this subject. We reproduce it here below:

"All is in readiness for the important meeting of the year, the state convention of the Oregon Federation of Women's Clubs, which will open in Prineville tomorrow night.

"Portland will send a good representation and the towns throughout the state will be well represented. In fact, the smaller cities are planning to send the larger proportionate delegations.

"The federation special will leave the Union Station at 8:20 o'clock tomorrow morning. Delegates are reminded to be sure to get their certificates when purchasing their tickets to Redmond. When the whistles blow and the bells ring at the appointed time it will be strictly a woman's train, with women delegates to a woman's convention, in charge of a woman passenger agent, that will start on its way to Central Oregon. Miss Avis Lobdell, passenger agent for the O.-W. R. & N., has been making the preliminary arrangements and will do all the work usually done by a man passenger agent.

"The train will be beautifully decorated, the decorations having been planned under the direction of Miss Lobdell and A. H. McKeen, who has designed all the company's prize-winning floats. Flags for the train are loaned by the Employees' Club and include many of their silk trophies.

"A diner will be attached to the train and this will obviate the necessity of the box lunches that were to have been taken.

"The train will be met at Redmond by women of the convention city, who will escort the delegates to Prineville by autos loaned by the Commercial Club of Prineville.

"The latter part of October was selected as the meeting time because the weather at this time is beautiful, and a glorious outing is anticipated by those who will attend. The distance from Redmond to Prineville is 17 miles, not 50, as some imagine.

"The train will go by way of the Columbia River, and then up the Deschutes Canyon, one of the finest scenic places in Oregon. Snow-Capped mountains will be in full view from the plains that are to be traversed in the latter part of the journey. The convention program heralds a reception at the convention place tomorrow night, with addresses by celebrities and some excellent music. The program for the entire meeting is replete with interesting attractions.

"The attendance from Portland will be larger than at first anticipated. Among those clubs that will send delegates are: Army and Navy Auxiliary, Tuesday Afternoon, Civic Welfare, Albina Woman's Graduate Nurses' Association, Research, Railroad Woman's, Shakespeare Study, Woman's, Presidents' Psychology, Coterie, Grade Teachers' Association, Oak Grove and Milwaukie Social Service, Bay View Study, Brooklyn Mothers and Teachers', Charles Dickens, Corriente, Council of Jewish Women, Monday Musical, Mount Scott Mental Culture, State Woman's Press. There is every indication that the attendance will be well over the 100 mark."

A Remarkable Invention

It is no longer necessary for the motorist to get stuck. This little device, if carried in his tool-box, multiplies his power by 73, and makes him independent of road conditions. If his auto sticks in the mud, skids into a ditch or overturns, he can right it in 10 minutes by simply driving the three stakes in the ground, attaching

PULL-U-OUT

to them and to the auto and giving the ratchet crank a few easy turns. The stakes will hold, even in very soft ground—and out comes the auto. No trouble, no expense, not even soiled clothes! This wonderful little device lifts a ton, of dead weight, or pulls 50 tons on wheels; yet its shipping weight is only 28 lbs., and it fits easily into a space 4x6x14 inches.

THE PLEASURE IS ALL OURS

A half century ago, one white woman, any white woman, in the Ochoco country, as all of this part of the state was then called, was worthy of more than passing notice. This week Prineville is playing the part of host to the largest gathering of talented women that has ever been held in Oregon, east of the Cascades and south of the Columbia.

And that is as it should be. The women of Oregon represent more than they do perhaps in any other state in the nation, and without doubt the women of America are leagues ahead of those in any other nation in the world.

Oregon was among the first states to recognize the right of suffrage, to put the liquor traffic into the discard and keep it there, to admit a woman to the legislative body and recognize her there, as equal to any member of that body, all of which is pioneering.

Prineville and the community is, always has been, and will continue to be a pioneering community.

Just as it leads the other interior towns in educational and other development, making an ideal home community with the influence of the women of the town always for the better things and always recognized without question, it sets the pace in securing this meeting, and giving its guests the consideration they deserve, thereby causing them to always remember our town and city as a pleasant place to live, a place where women are recognized and appreciated.

It is indeed an opportunity for Prineville to show its appreciation to the women of the state and the pleasure should be and is all ours.

Prineville, the convention city.
