

SUFFERING FROM COLD

If you shiver in frosty weather, if you have cold hands and feet, if colds are stubborn and frequent, then your blood may be thin and impoverished.

SCOTT'S EMULSION

has been correcting this condition for nearly fifty years. It possesses rare powers for creating natural body warmth, for charging summer blood with winter richness and strengthening both throat and lungs.

The Norwegian cod liver oil in Scott's Emulsion is now refined in our own American laboratories which makes it pure and palatable. Scott & Bowne - Bloomfield, N.J. 17-12

United States of America

Four Per Cent Liberty Loan of 1917

We wish to emphasize the importance of making the Second Liberty Loan even more conspicuous than the first.

United States Government Bonds bearing interest at Four Per Cent are alone an investment to be eagerly sought for, but this second offering is besides an imperative call to duty to all patriotic citizens.

Now that the issues of the war are better understood, it must be clear to all that this war involving the freedom of mankind is as well a struggle for our own independence.

The response of our citizens must be so universal and so overwhelming that our strength, our loyalty and our solidarity, and our purpose to win the war, can not be questioned. Almost everyone can subscribe something and it would be a failure in their bounden duty not to do so.

Without remuneration, we shall be glad to assist in every way, attend to the details of handling subscriptions, and aid those who may desire an extended time within which to pay for their subscriptions.
