## Royal Baking Powder saves eggs in baking

In many recipes only half as many eggs are required, in some none at all, if an additional quantity of Royal Baking Powder is used, about a teaspoon, in place of each egg omitted.

Try the following recipes which also conserve white flour as urged by the government.

1/2 cups boiling water  
1/2 cup milk  
1 tablespoon shortening  
1 tablespoon molasses  
1/2 cup flour  
1 teaspoon salt  
4 teaspoons Royal Baking Powder

**NO EGGS**  
Boil corn meal in bowl with boiling water; add milk, melted shortening and molasses; add flour, salt and baking powder which have been sifted together; mix well. Bake on hot greased griddle until brown. (The Old Method called for 2 eggs)

#### Eggless, Milkless, Butterless Cake

1 cup brown sugar  
1 1/2 cups water  
1 cup seeded raisins

5 teaspoons Royal Baking Powder

1/2 teaspoon salt  
1/2 teaspoon nutmeg  
1 teaspoon cinnamon  
1 cup flour  
1 cup eye flour  
5 teaspoons Royal Baking Powder

Boil sugar, water, fruit, shortening, salt and spices together in saucepan 3 minutes. When cool, add flour and baking powder which have been sifted together. Mix well; bake in loaf pan in moderate oven about 45 minutes. (The Old Method [Fruit Cake] called for 2 eggs)
