

When building remember that you will probably occupy your home for a good many years, and surely you do not wish to install plumbing fixtures again in a few years.

It does not cost any more for labor to install good plumbing fixtures than cheap ones and the difference in the first cost between the two is small.

PACIFIC Plumbing Fixtures are the highest quality lavatories, bath tubs, closets and sinks made.

Their graceful designs, massive appearance and simple patterns make them the vogue.

Although PACIFIC Plumbing Fixtures are of superior quality, they cost no more than any other reputable brand, and are guaranteed forever against any defects in workmanship or materials.

A Remarkable Invention It is no longer necessary for the motorist to get stuck. This little device, if carried in his tool-box, multiplies his power by 73, and makes him independent of road conditions. If his auto sticks in the mud, skids into a ditch or overturns, he can right it in 10 minutes by simply driving the three stakes in the ground, attaching PULL-U-OUT to them and to the auto and giving the ratchet crank a few easy turns. The stakes will hold, even in very soft ground—and out comes the auto. No trouble, no expense, not even soiled clothes! This wonderful little device lifts a ton, of dead weight, or pulls 50 tons on wheels; yet its shipping weight is only 23 lbs., and it fits easily into a space 4x6x14 inches.
