CITY OFFICIAL PAPER FOR CITY OF PRINEVILLE

VOL. XXII

PRINEVILLE, CROOK COUNTY, OREGON, JANUARY 10, 1918

NO. 9

## THESE ARE THE MEN TO BE CALLED FIRST

WILL BE TAKEN IN THE ORDER  
THEY APPEAR THERE

## FORMER NUMBERS DON'T COUNT

Men Will Be Taken In Order Number  
As Published, Those Falling In  
Examinations Eliminated

We herewith publish the official list of men who will be next called for military duty from Crook County.

This list is not complete, for the reason that the last of the questionnaires were not mailed until yesterday evening, but it is not likely that there will be many changes excepting that new names will be added at and near the bottom of the present list.

The exemption board is in session every day at the court house, and as the names are passed upon they are placed in the lists. Of course there is a possibility of appeal, but no appeals have yet been filed, and as the board is using every effort to be fair, there is little likelihood of an appeal being successful.

To make the matter clear to those on the list, after the examinations have been made and the list finally corrected to the actual men who are to be subject to duty, should the call come for any number of men, twenty for example, the first twenty names on this list would be taken.

The next would await their call, in the order yet remaining.

The honor roll follows:

## OTTO HODGES ON FURLOUGH

First Visit Home Since His Enlistment in April

Otto Hodges, who was among the very first to leave Prineville and enlist in the service, is home this week on a short furlough. Otto enlisted in the navy and has seen service in many different places but is non-committal as to where he has been or where he will probably be sent on his return, but is very enthusiastic about the service.

He is visiting his father, Silas Hodges.

Lawrence Lister is in the city today from Paulina.

## WATERS OF OCHOCO TO TO BE CHECKED TODAY

BARRING ACCIDENTS, BASE OF  
DAM WILL SUPPRESS STREAM

## EXCELLENT MATERIAL IS FOUND

Giant Stream Moves Clay, Rocks  
and Other Material  
Into Dam

The base of the small dam for the Ochoco Project reservoir has reached the point where the waters of that stream will be checked today barring accidents, and from this time forward the flow of the stream will be controlled, first until the reservoir has filled to the point where water will run through the conduit and spillway back into the stream, and after the main dam is completed, the gates will be closed which will allow the reservoir to fill.

Excellent material for the dam is being found on the south bank of the stream, and the base is going in in the best of condition.

Clay and other material, with a large amount of rock, is being washed in large quantities every day, the rock material forming much of the contents of the dam near the face, and the finer material toward the down stream side.

Some of the large boulders are being broken up with powder, so that they will be small enough to go through the pipe that carries the material to the dam.

The giants are operated continuously, and move much material in a very short time.

Winter weather, should it come, will not delay this work, although it will be more uncomfortable for the men occupied there.

## C. C. H. S. DOMESTIC ART

## H. S. Girls Have Clever Exhibit of Work Done During Year

The girls domestic art class of Crook County High has several dresses on exhibit this week in the windows of the Cornett & Co. store that are exceptionally well made and have an unusually good style to them.

Miss Eva Jackson is instructor in this department.

## BREWSTER IN FRANCE

## Prineville Man Arrives Safely Over There

Sergeant George H. Brewster has arrived in France according to a communication just received by his friends in Prineville. He says the trip over was rather uneventful but that he hopes soon to go into active service.

Sergeant Brewster spent several months at Camp Greene, N. C., previous to going over.

## ODD FELLOWS AND REBEKAHS

The Odd Fellows and Rebekahs will hold joint installation of officers on the evening of Thursday, Jan. 17, preceded by a picnic supper at 6:30.

All Odd Fellows and their families, Rebekahs and families are cordially invited to participate in this meeting.

Don't forget to bring baskets. At K. P. Hall, Malling-Walker building.

## OREGON GRILL-DINER

## Mother Thompson to Open New Place On Banks of Ochoco

The new Oregon Grill-Diner will be opened by Mother Thompson in the near future, in her new home on Main street, the first door south of the Ochoco bridge.

The building, which was at one time occupied by the Journal, is being remodeled on the interior, and will resemble a dining car, Mother Thompson says, in all respects but the price. Watch for the announcement of the opening of the Oregon Grill-Diner.

## CLASS ONE MEN WILL DO NATION'S FIGHTING

WAR DEPARTMENT ISSUES OR-  
DER COVERING DRAFT

## CROOK'S QUOTA WILL BE SMALL

Next Call May Not Take Any From  
This County Says Board  
Member

From the order issued on Friday by General Crowder, it seems that the men listed in class one will be first called to do military duty for the nation.

This does not signify that the other classes will not be subject to call, for the demand for mechanics and special classes of labor for military purposes may take men from some of them soon, but it does signify that the first class will perhaps be exhausted before the next is called upon to any great extent.

The quota for Crook County for the next call, which will not be made for a month or more, is almost if not quite filled according to Sheriff Knox of the local exemption board. He thinks that the men in class one will be sufficient to fill all needs for a long time to come, especially as there seems to be a plan to admit all men becoming of age during the year to class one, which will add about 700,000 to the available supply each year.

The list from this county has been kept full to this time with volunteers, and it seems that if any are needed for the next draft, it will be but few.

## ALPHAS WIN DEBATE

## Take Second of Series in Contest For Silver Cup

The Alpha Society of the Crook County High School won the second debate yesterday afternoon being held between the two societies, the prize to be a silver cup.

Students taking part in the debate were: Alpha, Clara Short, Hulda Sundquist, and Hazel Yancey; Ochocoans, George Stearns, Ladocia Jacobs, and Hobart Reams.

The Ochocoans won the first debate.

## LARGEST WEEK YET AT LYON MEETINGS

The most successful, from point of attendance and results obtained, has prevailed at the Lyon meetings since the Sunday services.

Rev. H. C. Hartrant, of Bend, preached Tuesday evening and again last evening, and tonight Dr. Lyon will again deliver his most popular sermon on "The Coming of the Lord."

Tomorrow night will be special services for young people, and older ones as well. The topic will be "What Is Your Grade?"

This afternoon and tomorrow afternoon the services will be conducted by Mrs. Lyon.

Friday afternoon at 4 o'clock a children's meeting will be held at the Methodist church.

## SCHOOL LANDS REDEEMED

## Judge Duffy Confirmed by Supreme Court

The state supreme court handed down a decision Tuesday which confirmed the decision of Circuit Judge T. E. J. Duffy, and restored to the state school fund \$390.31 acres of land in this county and lands in other counties, a total of 9130 acres.

About 15,000 acres more will be subject to the same action, and it now seems that it too will be recovered without doubt.

The lands are the Hyde-Benson timber tracts, concerning which there has been much litigation.

## CONGRESSMAN JOHNSON

Congressman Royal C. Johnson of Aberdeen, S. D., who has enlisted as a private in the regular army.

## WAR VETERANS HERE ON FEBRUARY FIRST

On the afternoon of February 1, unless some accident occurs to disarrange the schedule they have prepared, three men from the front in France, all Canadian officers, will speak in this city.

The men are: Lieutenant Colonel J. M. Macmillan, Major F. B. Edwards and Captain E. J. Gook.

Lieutenant Colonel Macmillan served with the Seventh Battalion, First British Columbia Regiment, enlisting on August 4, 1914, the date of the declaration of war. He went overseas with the first Canadian division. Among the great engagements in which he participated are Neuve Chapelle, the second battle of Ypres, Festubert, Givenchy, the operations before Messines and the Somme.

## Major Edwards Wounded

He was recalled to England as assistant director of transport, and promoted to Major, later receiving appointments as assistant director of supply and transport, overseas Canadians, with the rank of Lieutenant Colonel. He is now on furlough.

Major Edwards was a Lieutenant in the Canadian militia regiment, 30th British Columbia Horse, at the outbreak of war. When the regiment arrived in Flanders it went into the trenches in the Ploegsteert sector, then the Dickebusch sector, followed by service at Hill 63.

When the regiment was reorganized to an infantry battalion, it was transferred to the Ypres salient. Major Edwards, then a Captain, was wounded for the first time during the Sanctuary Wood action, being shot in the hip. Upon his return to his regiment it was moved to the Somme. At Regina trench, the gallant officer was wounded for the last time and permanently retired from active service. The price he paid was the loss of both arms, torn off by high explosives.

He has now been returned to Canada for duty at Resthaven Military Convalescent Hospital. He was recommended for the military cross in October, 1916, and received special mention in dispatches by Sir Douglas Haig.

Captain E. J. Gook, the huge irrepressible boy of the party, entered service with the Western Canadian Cavalry, enlisting in August, 1914. Ypres, the Somme and Festubert are but three of the many engagements through which he passed.

At Festubert, in an assault on German third-line trenches, Captain Gook stopped two soft-nosed machine gun bullets, which entered the right side and traversed the stomach. Contrary to all the predictions, he recovered. It was also his fortune to be "gassed" at the second battle of Ypres. The full complement of his wounds includes one in the left elbow.

Following recovery from his wounds Captain Gook served as an instructor in military training schools in France and England. He was also Provost-Marshal in London for some months, and air raids are by no means novelties to him.

## BUILDING NUMBERING ORDINANCE IS PASSED

STREET SIGNS TO BE ERECTED  
BY COUNCIL

## BUILDINGS NUMBERED BY MAR. 1

Government Postal Inspector Will  
Visit City Soon and Pass  
On Work

An ordinance which provides for the numbering of all business buildings and residences within the city before March 1, was passed by the city council Monday evening.

The council will also erect street signs at an early date, at all street intersections, and will decide upon the style and the exact manner in which the signs will be put up at the next regular meeting, at which time they will consider prices and samples of signs.

The petition asking for the service has been signed by a large number of citizens, and additional names are being secured every day.

A request was mailed yesterday to the postoffice department, asking that an inspector be assigned to the task of checking up the work already accomplished at an early date, and mentioning the fact that more than forty percent of excess postal receipts were received at the local postoffice last year, above the minimum amount required for this service.

If you have not already signed one of these petitions, you should do so at once. Copies may be found at the Journal office, the Crook County Bank, or at Lakin's Hardware this week.

## COUNCIL METING MONDAY

## Arrangements Completed For Erec- tion of Oil Station at Depot

A meeting of the city council was held Monday evening, at which time arrangements were completed for a contract for the erection of an oil station on the railway terminal grounds.

A number of matters of lesser importance were discussed, and the regular monthly bills paid.

The application of J. H. Gray for city marshal was not acted upon.

## DESCHUTES POWER CO. MOVES

## Office Now in New Concrete Building Opposite the Post Office

The Deschutes Power Company has been moving this week into the new building on west Fourth street. Theodore Minger has already moved his plumbing shop across the street and is fitting up a modern bathroom for display in the front part of the store.

It is rather uncertain just when the Pacific Telephone offices will be transferred to their new rooms.

These buildings which are modern in every way have been erected by Mrs. Malling Walker and have been leased by these three firms for a number of years.

## JUNIPER COVE IMPROVEMENTS

## Ranches Being Cleared and Fenced, Grain Up

Much improving of land has been done in Juniper Cove, a mile south-east of Prineville, during the past thirty days.

Lands belonging to B. F. Johnson, Jay H. Upton, M. E. Brink and Ross Robinson have been plowed and cleared, and grain sown there a month ago is up and looking fine.

The road is being changed onto the section line, and the farms are being fenced.

## PRESBYTERIAN CHURCH

Sunday, January 13. Bible School at 10 a. m. Special program makes it necessary to be prompt with this service.
