

INCREASE OF OCHOCO'S FLOW CHANGES PLANS

STREAM BEING SENT OVER DAM AS WORK PROGRESSES

LAKE STARTED IN RESERVOIR

Water at Dam Perhaps Ten Feet Deep—Large Pit Opened in Hill For Material

The increase of flow of the waters in Ochoco caused a change in the plan of handling construction, and the flume which had been built at a previous time was brought into play, which is now carrying the stream over the dam, while the work of raising the surface of the fill goes on.

The volume of water coming down the stream is much greater than ten days ago, and for that reason the dam will be built to a safe height before the flow is stopped entirely.

Just now there is a pond, the start of the biggest lake in this part of the state, forming above the dam. It is about ten feet deep at the dam, and extends up stream some distance.

A pit that is perhaps 100 feet by 60 in depth has been opened into the mountain side, where a fine grade of material is being taken out and sluiced by the giants into the dam.

The plan of construction is to remove all the earth from the face of the cliff at that point, over an area sufficient in size to build the dam.

A steady stream of material, consisting of rock, and various kinds of earth, is pouring into the structure each day, and engineers say the consistency of the deposit is ideal for the work it is expected to perform.

Because of the difficulties in handling material, no shift is now being maintained during the night.

GERMAN MONK MADE PROPHECY YEARS AGO

A most remarkable prophecy, made by the German monk, Fratre Johannes, in the year 1600, seems to be nearing a fulfillment. As a key to the prophecy one has only to realize the following:

The kaiser is a German Lutheran—he has a withered arm.

Germany is the Black Eagle. Austria, her ally, has also an eagle.

Russia is the White Eagle. France is the cock.

England, the British empire, is the leopard.

The following prophecy by the monk Fratre Johannes, who lived about the year 1600, is remarkable in its application to the present world crisis. The authenticity of this prophecy was at first doubted because of a few discrepancies in the text but the matter was referred to the newspaper information bureau at Washington, and Director Frederick J. Hawkins replied as follows:

"In reply to your letter asking whether the prophecy by the monk, Fratre Johannes, is real, we would say that this prophecy was discovered in old parchment in the convent of the Holy Ghost, at Wismar, in Germany, and is kept under glass in the town hall of this city. There have been numerous translations which text vary somewhat. We are returning your copy of this prophecy.

"The discrepancies which we noted, and which you also may notice, are probably due to the variations in the translation of the text. On the whole it is a remarkable prophecy. It is as follows:

The real antichrist will be one of the monarchs of his time, a Lutheran Protestant. He will invoke God and give himself out as his messenger, or apostle.

This prince of lies will swear by the Bible. He will represent himself as the arm of the most high, sent to chastise corrupt peoples.

He will have only one arm, but his innumerable armies, who will take for their device the words, "God is with us," will resemble the infernal regions.

For a long time he will act by craft and strategy. His spies will overrun the earth, and he will be master of the secrets of the mighty. He will have learned men in his pay, who will maintain and undertake to prove his celestial mission.

A war will afford him the opportunity of throwing off the mask. It will not be in the first instance a war which he will wage against a French monarch. But it will be one of such nature that after two weeks all will realize its universal character.

Not only all Christians, but Musselmans and even more distant peoples will be involved. Armies will be involved from the four quarters of the earth.

For by the third week the angels will perceive that the man is antichrist and that all will become his slaves if they do not overthrow this conqueror.

Will Massacre Helpless.

Antichrist will be recognized by various tokens—in special he will massacre the priests, the monks, the women, the children and the aged. He will show no mercy, but will pass, torch in hand, like the barbarians, but invoking Christ.

His words of imposture will resemble those of Christians, but his vows of all the human race.

He will have an eagle in his arms, there will also be an eagle in the arms of his confederate. But the latter will be a Christian and will die from the malediction of Pope Benedict who will be elected at the beginning of the reign of antichrist.

In order to conquer antichrist, it will be necessary to kill more men than Rome ever contained. It will need the energies of all the kingdoms, because the cock, the leopard and the white eagle will not be able to make an end of the black eagle without the aid of the prayers and the vows of the human race.

Never will humanity have been faced with such a peril, because the triumph of the antichrist would be that of the demon, who will have taken possession of his personality. The Beast Incarnated.

For it has been said that 20 centuries after the incarnation of the word the beast will be incarnated in his turn and will menace the world with as many evils as the divine incarnation has brought it.

graces.

Toward the 2000 antichrist will be made manifest. His army will surpass in number anything that can be imagined. There will be Christians among his cohorts and there will be Mohammedans among the defenders of the lamb as well as some heathen soldiers.

For the first time the lamb will be red—for blood will flow in the domain of the four elephants at once.

The black eagle will hurl itself upon the cock, which will lose many feathers. It will soon be exhausted, but for the leopard and its claws.

The black eagle, who will come from the land of Luther, will make a surprise attack upon the cock.

The white eagle will come from the north.

The black eagle will find itself forced to let go the cock in order to fight the white eagle, whereupon the cock will have to pursue the black eagle into the land of the antichrist to aid the white eagle.

Great Battle on Lutheran Soil.

The battles fought up to that time will be as nothing compared to that which will take place in the Lutheran country.

When the beast finds himself lost he will become furious.

Men will be able to cross the rivers over the bodies of the dead.

Antichrist will sue for peace many times, but the seven angels who march before three animals of the land will have proclaimed that victory will not be given except on condition that antichrist will be crushed like straw upon the threshing floor.

The three animals will not be permitted to cease fighting so long as antichrist has soldiers.

It will be made manifest that the combat which will be fought out in that part of the country in which antichrist forges his arms, is no human conflict. The animal defenders of the lamb will exterminate the last army of antichrist.

Antichrist will lose his crown and will die in solitude and madness. His empire will be divided into 22 states but none will have any longer fortifications, armies or ships of war.

The white eagles, by order of Michael, will drive the Crescent out of Europe, where there will be no longer any but Christians. He will install himself at Constantinople.

MOB DEMOLISHES PLANT

Seattle Print Shop is Wrecked by Two Civilians and a Score of Sailors.

Seattle, Wash.—With the six men employed in the place lying in a row, with their faces to the floor, two civilians and about 20 sailors wrecked the plant of the Piggott Printing company at 83 West Pike street.

H. C. Piggott, president of the concern, estimated his loss at more than \$10,000.

The Daily Call, a socialist paper, and the Industrial Worker, an I. W. W. publication, were both printed by the Piggott concern, but maintained offices at other locations. In addition the concern printed a dozen or more other publications.

"You have been running some pretty bad dope," one of the mob remarked after the wrecking had been finished. "Tell your boss that he's about through."

84 per cent of Failures Are Non-Advertisers!

Bradstreet's says that "eighty-four percent of all failures are among non-advertisers!"

Which, considering the source of the declaration, is pretty conclusive proof that advertising pays.

When Bradstreet's says that only sixteen per cent. of business failures are among advertisers the statement has real significance.

No business firm ever became truly great except by the aid of advertising!

Like competition, advertising is the "life of trade." Without it, in modern days and under modern business conditions, no commercial or other business concern can achieve the success that it can with it.

That is axiomatic, as every successful business man will attest.

Outside, possibly, of personality and integrity, advertising is the mightiest force, positive and potent, in present-day commerce and business.—Atlanta Constitution.
