Is Your Money Supporting the Government?

At this critical period in our history our manufacturers are offering their mills and our young men are offering their services to the United States government. Would you like to do your share and help, by putting your money where it will support the new Federal Reserve Banking System, which the government has established to stand back of our commerce, industry and agriculture?

You can do this by opening an account with us as part of every dollar so deposited goes directly into the new system, where it will always be ready for you when wanted.

MAZOLA

Helps the housewife to save butter, lard, suet; improves fried foods and salad dressings.

FOOD Administrator Hoover says that 375,000 tons of animal fats can be saved yearly if one-third ounce less is used per capita per day—and he asks every American to do his share.

He says use vegetable oils in cooking.

And thousands of housewives today are congratulating themselves that they have at last found—in Mazola—a vegetable oil which is even better than the old cooking mediums.

Mazola is a pure product from American corn.

It browns food quickly, preventing that greasiness and sogginess which used to be so prevalent in fried or sautéed dishes.

And since Mazola does not carry taste or odor from one food to another it can be used over and over again—a great force for economy.

If you want an especially delicious mayonnaise or French dressing use Mazola. There is no need to give up salads because of the uncertain supply or high prices of olive oil.

Get Mazola from your grocer in pint, quart, half-gallon or gallon tins. The large sizes are the most economical. Also ask for the free Mazola Book of Recipes—or write us direct.

Your money refunded if Mazola does not give entire satisfaction.
