

PROPOSES MEMORIAL FUND FOR SOLDIERS

PAUL C. GARRISON HAS A PLAN FOR SUBMISSION

WOULD AID THRIFT STAMP SALE

Tax On Every Individual At Each Luncheon To Provide Nucleus

At the luncheon tomorrow, which will be served by the ladies of the Methodist Church at the church parlors, Paul C. Garrison will offer a resolution for the foundation of a memorial fund for the Crook County soldier boys.

Mr. Garrison's plan is to suggest that all meals served at these luncheons be 35 cent meals, and that the men attending pay 50 cents for them, and drop the 15 cents in change into a box to make a fund for the purchase of a memorial after the war is over.

He does not expect that the churches serve a meal of a quality worth more than the 35 cents for that amount of money.

This fund, according to Mr. Garrison's plan, should be invested each Friday in war savings stamps, and held in trust by J. E. Myers, chairman of the stamp committee, for the purpose mentioned.

As the average attendance at these luncheons is about 50 it is readily seen that a large fund would soon result, which would buy a worth-while memorial to be located in Prineville, after the war closes.

We believe the plan an excellent one, and that Mr. Garrison will meet unanimous support for his resolution tomorrow. Come out and see.

AMERICAN TROOPS ARE DOING SHARE

Washington. — Increasingly important activity by the American forces on the western front and the return for rest at a leave station of the men who have completed their first period of duty in the trenches are noted in this week's review of military operations by the war department.

Of the western front the review says:

While no major undertakings were recorded in the west, yet the entire front was the scene of hard-driven assaults of a minor character.

Our own forces are taking an increasingly important part in the operations. Last week we recorded the participation of our artillery in the very successful thrust made by the French in the region of the Butte du Meunil. This week the presence of our infantry in a very important part of the Chemin des Dames is reported. Here our patrols have been outside our barbed wire and have undertaken a number of scouting expeditions in No Man's Land, which were successfully carried through.

LINER WRECKED; 102 DEAD

Florizel Hits Near Cape Race and All On Board Believed Lost

St. Johns, N. F.—The Red Cross liner Florizel, from St. Johns for New York by way of Halifax, with 140 persons aboard, including 78 passengers, piled up on the ledges near Cape Race during a blizzard and it is believed that 102 persons were lost.

Forty survivors of the steamer Florizel were taken off by the steamer Prospero.

Forcing his ship against a blizzard in which blinding snow was driven by winds often reaching hurricane proportions, the Florizel's commander, Captain W. J. Martin, sought to round Cape Race on his voyage from here to Halifax and New York.

Apparently, however, he misjudged his position, for the Florizel rushed on the ragged rocks of Broad Cove on the east side of the island, north of the cape. The region is uninhabited.

Second Draft is Likely in April or May

Washington—While war department officials reiterate that no date has definitely been fixed for the calling of the second draft of the national army, all indications would seem to point to some time during April or at the latest early in May.
