

PRESIDENT FIXES 1918 WHEAT PRICE \$2.05 Per Bushel Is Named as Price at Coast Primary Markets.

Washington.—Two dollars and five cents per bushel is to be the Portland and Seattle wheat price for the 1918 harvest, the same as last year's price, under a general proclamation issued by the president.

The same proclamation fixes the Chicago price at \$2.20 and the New York price at \$2.28. In addition, new primary markets have been established at Spokane, Pocatello, Salt Lake and Great Falls, Mont., at each of which places the price is to be \$2 flat.

The president's action came at a time when the food shortage in allied countries has created alarm. The price he fixed, he says, in his statement to the farmers, "assures a reasonable profit even if the war should end within the year and the large stores of grain in those sections of the world now cut off from transportation should again come into competition.

"To increase the price of wheat above the present figure," he added, "or to agitate any increase of price, would have the effect of viciously hampering the large operations of the nation and the allies by causing wheat of last year's crop to be withheld from the market. It would, moreover, dislocate all the present wage levels that have been established after much anxious discussion, and would therefore create an industrial unrest which would be harmful to every industry in the country."

Railroad Bill is Passed by Senate.

Washington.—The administration bill, providing for government control of railroads until 18 months after the war, including many "short lines" and appropriating a federal fund of \$500,000,000 for revolving operation was passed by the senate without a roll call, and now awaits action in the house, where it is under debate.

A Remarkable Invention. It is no longer necessary for the motorist to get stuck. This little device, if carried in his tool-box, multiplies his power by 73, and makes him independent of road conditions. If his auto sticks in the mud, skids into a ditch or overturns, he can right it in 10 minutes by simply driving the three stakes in the ground, attaching PULL-U-OUT
