

## MEAT TASTES BETTER COOKED

And tobacco now tastes much better toasted.

You'll know this when you smoke the famous Lucky Strike cigarette, the real Burley cigarette.

It's toasted to develop and seal in the Burley tobacco flavor.

#### DON'T TALK TOO MUCH

Finding that Oregon communities are being fed up on falsehoods of various kinds, that the people here as elsewhere are repeating these stories for truth and are thus creating a morale that is injurious to the cause which brought the United States to declare war on Germany, the administration at Washington is asking the people of this state to refrain from passing judgment on the way the war is being won, or from saying and doing things that will destroy confidence.

A favorite story is to the effect that food and supplies gathered and sent forward to soldiers are being diverted, that articles are being sold and the money not accounted for. All such statements may be branded as false. In Portland more than 20 such rumors have been traced down and found to be unfounded.

They were probably started by German agents.

Don't believe rumors that are peddled about surreptitiously.

All war news will be given out at Washington.

Don't talk too much anyway.

W. S. S.

There is no questioning the fact that the united States has been the most wasteful nation in the world.

Waste habits, or thrift habits, like most other habits, are acquired. Unconsciously we do the things we did last year and the year before. Old men live with their minds in many respects fixed much as they were in their youth.

The War Savings Stamp campaign is already producing a very excellent result in that the children of the nation are getting a lesson in thrift that is much better than they ever received before, and patriotism is a valuable element at this time also.

We believe that the campaign will gain momentum each month throughout the year, and that it would be well to continue the plan of thrift stamps after the war, instead of the postal savings banks, or in connection with them.

### A Remarkable Invention

It is no longer necessary for the motorist to get stuck. This little device, if carried in his tool-box, multiplies his power by 73, and makes him independent of road conditions. If his auto sticks in the mud, skids into a ditch or overturns, he can right it in 10 minutes by simply driving the three stakes in the ground, attaching

#### PULL-U-OUT

to them and to the auto and giving the ratchet crank a few easy turns. The stakes will hold, even in very soft ground—and out comes the auto. No trouble, no expense, not even soiled clothes! This wonderful little device lifts a ton, of dead weight, or pulls 50 tons on wheels; yet its shipping weight is only 28 lbs., and it fits easily into a space 4x6x14 inches.

## Idaho National Harvester

V. Z. Branstetter, Madras, Oregon.

Madras, Oregon, Oct. 8, 1917.

Idaho National Harvester Co., Moscow, Idaho.

Gentlemen:—

In regard to harvester. We cut 280 acres, had very little trouble outside of a few chains broken. Did good work, handled nicely with eight horses.

Both horses and machine came through in good shape. Machine shows very little wear after season's run.

Respectfully,

V. Z. BRANSTETTER.
