

Join These Americans On the Road to Victory

See the crowd! It is a happy crowd! Why? Because it is on the road to Victory. It is an old road, the Thrift road, the broad highway to personal success. And as usual, the success of the individual means the success of the Nation.

The Nation to-day wants Victory. The individual here at home can help best by winning a million smaller victories over waste and extravagance.

Join the crowd! Take the Thrift pledge! Raise the W. S. S. flag and keep it flying. Put your quarters and your dollars behind your sons and husbands and brothers on the sea and in France.

The Franklin Car

Stand alongside any rough roadway and watch the passengers in the average car brace for the jars and bumps!

Stiff, rigid construction—that is what frazzles a man's nerves and the mechanism of his car.

But here is a new experience for you. Let us take you out in the Franklin car.

Drive the car yourself over stones, holes, car tracks, choppy roads, anywhere. Keep on running it for an hour or two and learn why road shocks can never reach you and how annoying rattles are kept from developing.

A new achievement of automobile engineering is this modern anti-rattle construction, that eliminates friction and wear.
