## Is Your Money Supporting the Government?

At this critical period in our history our manufacturers are offering their mills and our young men are offering their services to the United States government. Would you like to do your share and help, by putting your money where it will support the new Federal Reserve Banking System, which the government has established to stand back of our commerce, industry and agriculture?

You can do this by opening an account with us as part of every dollar so deposited goes directly into the new system, where it will always be ready for you when wanted.

Member Federal Reserve System

# The Franklin Car

Stand alongside any rough roadway and watch the passengers in the average car brace for the jars and bumps!  
Stiff, rigid construction—that is what frazzles a man's nerves and the mechanism of his car. But here is a new experience for you. Let us take you out in the Franklin car. Drive the car yourself over stones, holes, car tracks, choppy roads, anywhere. Keep on running it for an hour or two and learn why road shocks can never reach you and how annoying rattles are kept from developing. A new achievement of automobile engineering is this modern anti-rattle construction, that eliminates friction and wear.
