HODGES FOR SHERIFF

Silas E. Hodges filed his declaration yesterday with the County Clerk to become a candidate for sheriff.

This makes four candidates for this office, two on the republican ticket and two on the democratic ticket.

Mr. Hodges is well and favorably known and has many friends in the county where he has resided for a number of years.

DO IT NOW!

County Agent Ward is doing a lot of good, in his campaign against the sage rat.

He has assisted in mixing a large amount of rat poison, to be used in exterminating the pests, and will prepare much more, whenever he is

called upon to do so by any community.

The best and most effective work against rats is done in the early spring, when they are not storing for next winter, and when their appetites are better than they become along in June and July.

If you can get a half dozen farmers together who want rat poison mixed, write or phone Ward, and he will help you mix the poison and tell you how to best use it.

We should have a half dozen such meetings in this part of the country during the next ten days. Get busy and talk it up, for rats will destroy much more than you may imagine.

Act, and act at once. Phone Ward today.

BUSINESS METHODS

In the proceedings of the last meeting of our county court, which are being printed in this issue, are to be found two items of special interest.

One is the order for a shed for the county road machinery, the other the statement that if road bonds are voted, the work will be let to the lowest bidder who is considered responsible to do the work.

No good farmer would allow his machinery to stand in the weather all the year under normal conditions, and the county cannot afford to stand the weather loss either.

Enough damage has resulted to the road machinery from rust and weather during the past years to build a half dozen machinery sheds, besides the advantage that will result in having a place that can be locked and thus protect the machinery from borrowers who have no authority.

The matter of letting road work to the lowest bidder is another step in the right direction, and insures real value for all money expended.

Officers' Consent Necessary to Wed.

San Francisco, Cal.—In an effort to eliminate "ill-advised marriages" of soldiers, Captain Harrington W. Cochran, provost marshal of the western department, sent a notice to county clerks asking that no marriage licenses be issued to soldiers unless the application is accompanied by written consent of the soldier's superior officer.

House Sustains Draft Plan.

Washington.—The war department's plan for basing draft quotas on the number of registrants in Class 1 instead of upon population was sustained in the house after an all-day fight over the resolution passed by the senate authorizing the change.

ANOTHER DRAFT ORDERED

New Call for 49,843 Registrants Sent to Governors.

Washington.—Another draft call for 49,843 registrants has been sent to governors of states by Provost Marshal-General Crowder. Mobilization of the men is ordered for May 1 and 10, the war department announced, and they will be sent to 11 forts and recruiting barracks, probably for training with regular army units there.

This call increases to more than 300,000 the number of select men ordered to camp since late in March. The quotas of western states include: Oregon, 251; California, 1187; Colorado, 696; Idaho, 165; Utah, 168; Washington, 434.

Under President Wilson's determination to hasten the dispatch of American troops to France to reinforce the British and French armies bearing the brunt of the great German drives in Flanders and Picardy, the whole program of the army is speeding up. Only a week ago General Crowder ordered mobilization of 150,000 select men for April 26 and their movement to the national army cantonments during the five days' period following.

Irish Unable to Kill Conscription.

London.—A proposal by Irish Nationalists to omit the conscription-of-Ireland clause from the government man-power bill was rejected by a majority of 172 in the house of commons. The total vote shows that a large section of the house abstained from voting.
