### Is Your Money Supporting the Government?

At this critical period in our history our manufacturers are offering their mills and our young men are offering their services to the United States government. Would you like to do your share and help, by putting your money where it will support the new Federal Reserve Banking System, which the government has established to stand back of our commerce, industry and agriculture?

You can do this by opening an account with us as part of every dollar so deposited goes directly into the new system, where it will always be ready for you when wanted.

# Common Sense Gasoline Saving

The gasoline question is not so much one of high price as it is how to make it go farther.

In the Franklin Car, light weight gives the gasoline less work to do, and hence less gasoline is needed.

Friction, that drags on a car, is cut down to the limit.

Valves in the head make the Franklin engine turn more of the gasoline into actual going power.

Compare notes with the Franklin owner on your gasoline bills,
