**Attention Farmers!**

As we are now distributing the Samson line of Tractors, we are going to close out the balance of our line of new "Big Bull Tractors."

These tractors are rated at 12 H. P. on the draw-bar, and 25 on the belt. They will handle 3 14-inch bottoms very nicely, and for belt work they cannot be beaten.

We are going to sell these tractors at practically the same price as a stationary engine of equal horse power.

If interested, write the Eldridge Buick Company, Seattle Washington for prices and information.
