BRIDGE BEING GUARDED

Wrappings From Sticks of Dynamite Found Near Crooked River Bridge

Following a conference between federal and county officials, it was decided that it would become necessary to take some precaution against any possibility of the destruction of the Crooked River bridge which is located just above Trail Crossing. This is the high steel railroad bridge which spans the Crooked River canyon. This was deemed necessary because of its importance in shipping facilities for Central Oregon.

It has been reported that the wrappings from sticks of dynamite had been found near the bridge. The Deschutes County Home Guards are on duty there.

MAETERLINCK'S "BLUE BIRD"

Masterpiece Will Be Shown at the Lyric, Friday and Saturday

Tradition whispers that in the sky is a bird, blue as the sky itself, which brings to its finders happiness. But everyone cannot see it; for mortal eyes are prone to be blinded by the glitter of wealth, fame and position and deceived by the mocking will-o-the-wisp of empty honors. But for the fortunate ones who seek with open eyes and hearts and simplicity and faith, to them the blue bird lives and carols, a symbol of happiness unto the end. See Maeterlinck's "Blue Bird" at the Lyric, Friday and Saturday.
