SUPLEE ITEMS

County agricultural agent, R. A. Ward, was at Suplee, Thursday instructing farmers on the government's method of poisoning sage rats.

Federal loan land appraiser, Mr. Brock, was appraising land in this part of the county last week.

Suplee went over the top with the Red Cross war fund drive.

Rev. W. L. Van Nys read the very interesting book entitled: "Boys and Girls of America, You Are the Hope of the World," instead of his regular sermon Monday night.

The farmers recently organized a club, known as the Suplee Industrial Club.

Mr. and Mrs. S. A. Lytle made a trip to Prineville last week. They were accompanied home by their daughter Hester who has been attending high school the past winter.

Vol. Officer, of Izee, passed through Suplee, Wednesday, on his return from Redmond where he had been to deliver a bunch of horses.

Henry Bernard and Melvin Weberg were very busy boys last week soliciting for the second Red Cross war fund drive.

Harold Baldwin and family, of Prineville, were Suplee visitors Friday.

J. V. Kuhn has purchased a new seven passenger Buick Six.

Vera McKenzie, of Paulina, is visiting at the Kuhn home this week.

C. E. Roam and family went to Prineville the first of the week.

BARNES ITEMS

K. D. Huston and family moved to their home at the head of Crooked river, after spending the winter in Prineville. They were accompanied by Grandma Bennett who also has been in Prineville the past few weeks, visiting friends and relatives.

Burt Demaris and Chas. Birdsong are working on the road this week.

Mr. Evert went to Beaver Creek after some horses and mules that were held by Roy Morris at that place.

Ira Cox accompanied by Ray Morgan and Chas. George, is drilling a well at his home.

Twelve young people from this side attended the dance at Walter Morris' place and a lovely time was had.

EIGHTH GRADE EXAMS REPORTED DIFFICULT

The eighth grade examinations have all been finished in the county and the papers have been graded. The questions were reported to be quite difficult, especially in arithmetic and grammar.

The following students passed: District 1, Evelyn Hyde, Helen Morris, Roland Stearns, Adria Yancey, and Mattie Grater; District 4, Gladys Koch; District 5, Vera Koch; District 7, Selby Towner and Marguerite Towner; District 14, Leatha Roberts; District 20, Robert Koopman, Fred Koopman and Mabel K. Polk; District 25, John L. Willborn; District 30, Chester McKenzie; District 33, Marguerite Geiger; District 39, Emma Sundquist.

Marguerite Towner received the highest average in the county with 92.3 and Marguerite Geiger was second with an average of 92. Eighteen were conditioned and will probably take the examinations during the summer.

CIVIL SERVICE EXAMS HELD

J. B. Noble Gives Examination to Three Applicants, Saturday

Those taking the examination were: Miss Ada Wilde, Ray McKinnon and Ebert Zell.

These names will be placed on the list and will receive appointments whenever vacancies occur.

Guarding The Children's Health

HOW many children are taught to use the tooth-brush regularly—and to use it *rightly*? Yet a clean mouth and sound teeth will either make or ruin their good health. On it depends a large part of their physical and mental and moral well-being. It is conceded by competent authorities that diseases of childhood, such as measles, diphtheria, scarlet fever, and so-called infantile paralysis, are not nearly so apt to attack children with healthy tonsils and clean mouths.

At St. Vincent's Orphanage, Boston, Mass., there had been very many cases of children's diseases. After the dentist taught these orphan children how to use the tooth-brush, and after their little mouths had been restored to health again, and kept that way, those children's diseases have been practically banished from that Boston institution.

Common Sense Gasoline Saving

The gasoline question is not so much one of high price as it is how to make it go farther.

In the Franklin Car, light weight gives the gasoline less work to do, and hence less gasoline is needed.

Friction, that drags on a car, is cut down to the limit.

Valves in the head make the Franklin engine turn more of the gasoline into actual going power.

The Farmer's Share

Live stock is marketed from farmer to consumer at a lower cost than almost any other farm product.

The United States Department of agriculture reported in 1916 that the farmer gets for his cattle "approximately two-thirds to three-fourths" of the final retail price paid by the consumer for the resulting beef.

Under normal conditions, the farmer's share of retail prices of various farm products is approximately as follows:

Butter	71 per cent
CATTLE	66 2/3 to 75 per cent
Eggs	65 per cent
Potatoes	55 per cent
Poultry	45 per cent
Fruits	35 per cent

The difference between farmer's price and retail price represents the necessary expenses of packing, freight and wholesale and retail distribution.

Swift & Company not only performs the manufacturing operations of preparing cattle for market in its well-equipped packing plants, but it pays the freight on meat to all parts of the United States, operates 500 branch distributing houses, and in most cases even delivers to the retail butcher. All this is done at an expense of less than 2 cents per pound, and at a profit of only about 1/4 of a cent per pound of beef.

Large volume of business and expert management, make possible this indispensable service to the live-stock raiser and to the consumer, and make possible the larger proportion of retail prices received by farmers.
