**SOLDIER BOYS MUST SACRIFICE**

We have listed a 400 acre ranch, all fenced, 100 acres in cultivation; 80 acres in summer fallow and 20 a. in stubble, two good springs, and living water in creek on place, two good houses and outbuildings—all must go at the sacrifice price of \$3,000; a school fund mortgage of \$750 can be assumed, the rest cash. This is for a quick deal, and is priced at less than the improvements alone would cost. The two boys who own this are called to the colors. It is only 8 miles from Prineville and 2 miles from a good school.

**How Much Would the KAISER Tax Your Business?**

Think this though twice over: "If we should fail to win this war what would happen to my business?"

What is left of business in the invaded districts of France and Belgium? What will be left of business here, if we fail to crush the sinister power of Prussian militarism? How much would you have left after paying the taxes and levies imposed by a victorious Germany?

**Defend Yourself With LIBERTY BONDS**

This is not only a war for Democracy and Liberty, but a war of self defense. Germany menaces our rights, our self-respect, our homes, and our means of livelihood.

**Every citizen—every business man—has weapons of defense ready to his hand—These weapons are Liberty Bonds. We cannot all fight with guns and bayonets but we can all fight with Liberty Bonds.**

**Buy to Your UTMOST**

Of course you have bought Liberty Bonds. Everyone has. But how many more will you buy? The success of the Fourth Loan and of the war itself depends on your answer to this question. Buy all the bonds you can. Go to your bank and make your arrangements. Buy more than you ever thought you could buy.
