ference with the absolute confidence American officers have in their men as a result of the initial tests on the battlefields of France.

"My confidence in the soldiers is inspired and developed by serving with them and beside them in battle, I have ordered back from France certain men who have won distinction over there to give them increased rank in the divisions organizing at home.

"These officers are now telling me interesting things which have not yet come over in official reports. One officer reported specifically that in one engagement of the first American division the men captured 68 German guns and brought them in at the rear of our trucks. On the same occasion they took 3500 prisoners.

"Another officer reported that the second division, which he was with, captured 10 complete German batteries, which they brought in and presented to General Pershing."

GERMANS TIRED OF WAR

Prisoners Taken by Americans Say New Teuton Offensive Unlikely.

With the American Army on the Vesle.-German soldiers believe that Germany is not planning any more of fensives because of the manpower shortage, according to one of a party of seven of a German patrol captured by the Americans east of Fismes. The prisoner said the German soldiers no longer had any enthusiasm for war. Most of those with whom he came in contact believed the war would end SOOL

The prisoner had been fighting for three years, and declared he was thoroughly tired of it. He said the soldiers understood that the German losses during the recent allied offensives had been very great.

Plenty of Germans, he added, would desert and surrender if given the opportunity. Many of them are constantly watching for a chance to give themselves up.

Can there be any Amrican who is not doing all he can to help win the war? Who pretends to believe that we could have kept out?

Who whines or growls about the little sacrifice he is asked to make?

Who gets panicstricken and thinks that it would be better to compromise with the Hun and listens to the serpent whisperings of German propaganda?

If such an American exists let him realize what Germany has done to Russia, which gave in and negotiated a cowardly peace.

There is only one thing for us all today and that is war to the bitter endwar until the Hun is utterly and completely destroyed.

For those who cannot fight, LIBERTY BONDS are the best possible weapons against the Hun.
