MOTORS SPEED THEM TO FRONT

Motor trucks by the tens of thousands have made the great war different from any other in adding mobility to the opposing armies. Where preparation for battles in previous years required days, hours are now necessary. Since taxicabs won the first battle of the Marne, gasoline and rubber have been increasing factors.

Some of the American troops in recent battles, perhaps those shown above in a momentary halt in a French village, have traveled thirty hours with hardly a stop for rest.

Your subscription to the Fourth Liberty Loan will add to the certainty that some day troops will not reach a fight too late to win it.

What Are The Six-Year Molars?

WHEN the child is about six years of age the first permanent molars appear. There are four of them—two in the upper jaw and two in the lower. They come in after all the temporary teeth have taken their place, and appear just back of the last temporary molar on each side and in each jaw. They are very often mistaken for temporary teeth, and folks imagine that any teeth coming in at that age must necessarily be temporary teeth. If anything goes wrong with them they let it go, thinking they will soon be replaced by Nature.

If any of the six-year molars are allowed to be lost by decay, it is a loss which cannot be replaced. Nothing can ever be done in the future which will permanently replace the lost molar after it has been removed.

These four permanent molars do most of the masticating for a period of five years. They prop the jaws apart while other teeth mature and take their several places in the jaw. Their loss is not necessary and may be wholly avoided. No other teeth are so necessary and important as the first permanent or six-year molars.

HIGH SCHOOL

WSS NEWS NOTES WSS

The Junior Red Cross of the High School has just completed 30 bedside bags.

Dr. Van Waters of Portland visited the English room Monday morning, returning in the afternoon to address the student body.

Surepta Johnson has been called by the Government to take the Red Cross training course, and will leave Thursday morning for North Bend, Oregon.

The teachers and committees are busy making preparations for the Halloween party at the High School Thursday evening.

W. F. King, county chairman of the next financial drive for allied charities, addressed the students Monday morning. Mr. King explained the part that the boys and girls of the county were to play in the raising of the greatest sum in human history for charitable purposes. The school boys and girls of Oregon are asked to raise \$7,000, of which Crook's allotment is \$225. Organization was perfected at once and Mr. Vernon Lister will head the boys of the county while Miss Hazel Yancey will be the leader of the girls. The \$225 allotment was divided equally between the boys and the girls and a contest is on to see which side will raise their share first. Every boy and girl that subscribes will be given a Victory Button.

A special program was given in Assembly Friday morning, celebrating the career of Francis E. Willard. Rev. J. H. Gervin delivered an inspiring address to the boys and girls. The visitors present were: Mr. and Mrs. Mark Powell, Mrs. Claudia Wagoner, Mrs. Evans and A. M. Byrd.

The manual training boys have just completed 5 Red Cross shipping boxes, and are now working on 20 bedside tables.

Off-hand definitions of the word "Patriot" were called for in the English classes and we print the two best ones:

"A patriot is a person that loves his country better than self and next to God."—Roy Clark.

"A patriot is one that loves his country, honors his country, believes in his country, and does all in his power to help and support his country."—Marjorie Wilson.

Shumia Club Meeting

Mrs. Ada B. Millican was hostess to the Shumia Club, Saturday afternoon, October 26, at the Wigwam. Mrs. T. E. J. Duffy gave an excellent review of Jastraw's "The War and the Bagdad Railroad," in a very comprehensive manner. Mrs. Ada B. Millican gave an interesting talk and read clippings concerning early Oregon history and origin of names, especially relating to the origin and early days of Milwaukee, a one-time rival, but now a suburb of Portland. Mrs. Millican has been appointed for Crook county to collect history of the early days of Oregon, and made an appeal to all to assist in this undertaking, and to help preserve the old names. The program was followed by a social hour over the tea-cups. The hostess, assisted by Mrs. M. E. Brink and Mrs. N. Morgan, served delicious refreshments, including Russian tea and "goose tongues," a canned product of the legume family, grown in Alaska, which is just now being introduced into this country. The lady teachers of the High School were guests. The afternoon was much enjoyed by all.

VOTERS OF OREGON

Justice F. A. Moore of the Supreme Court died last month, too late for the name of any candidate to succeed him to be placed on the Ballot. This condition makes it necessary to write in the name of your candidate. This is the most important position in the Judicial system of the state. It is essential to choose a man of extensive legal training, of high character, and of broad vision. We commend for your consideration and vote
