

Good Will Given A New Impetus

A statement of Dodge Brothers war activities is due the owners of their cars. Dodge Brothers refrained during the progress of the war, from any reference to the performance of the car in Government service.

It seems proper now, however, to disclose the facts, because they are creditable facts—intensifying that good will which owners of Dodge Brothers cars have always manifested.

Dodge Brothers car was the only one of its class approved and adopted by the War Department.

In separate Ordnance Works, built especially for the purpose, costing millions of dollars and employing thousands of their skilled motor workmen, Dodge Brothers undertook an important duty designated by the War Department.

Without the aid of their great motor organization, Dodge Brothers could not have fulfilled the heavy obligation which they were asked to assume by the Ordnance Department.

The other service required of Dodge Brothers motor works, by the Government, was to continue to furnish their cars as they were needed.

They were furnished, not in hundreds, but in thousands—both for the training camps here, and for service in Belgium, France and Italy.

The record of those thousands of camp and army cars is one in which any owner may feel the utmost pride and satisfaction.

Their performance justified the compliment implied in their selection by the Government.

The great works in which nearly three hundred thousand of their cars have been produced in the past four years, furnished a vast storehouse of human energy and equipment for the ordnance works.

Naturally, it will take time to adjust the motor works to its full accustomed activity.

Gradually Dodge Brothers will resume the grateful task of continuing to deserve the good will of America and indeed of the whole world.

Dodge Brothers consider good will their most valuable possession.

They will never knowingly do anything to lessen it.

KING OF BELGIUM

King Albert of Belgium, who received an enthusiastic welcome when he returned to Brussels after an absence of four years.

MOVEMENT ON FOR RHINELAND REPUBLIC

Berlin.—The movement to withdraw from Germany and create a separate republic is gaining ground rapidly in the Rhineland, according to reports from Cologne to the Socialist Vorwaerts. The movement finds strong support on the part of the Clericals as a result of the Prussian government's announcement of its intention to disestablish the church.

Herr Theodore Wolff declares in the Tageblatt that all south Germany is dissatisfied with conditions in Berlin and is beginning to consider the question of leaving the capital to its fate. He points out that the reported aggression against the eastern border of Germany may have fatal consequences in regard to the provisioning of Berlin.

Turkey Belongs to America. The turkey is an American bird. Incullus and the Eplureans did not know about him. He was found in his wild state after Columbus' first voyage. About a hundred years after the discovery of America broiled young turkeys became great delicacies on the Frenchman's table.
