**The Manhood of the Master**

Few subjects could have greater value to the man who feels a need for help in his inner life, or is concerned about the solution of the problems of the world today, than the personal character and vital messages of Jesus of Nazareth. Everybody who might be interested in this matter, whatever his religious opinion or connection, is invited to join in a weekly study at the Presbyterian church on Thursday evenings. A little book by Dr. Harry Emerson Fosdick will be our guide in these studies. It is published by the Y. M. C. A. press and is entirely unsectarian in character. Come this week and try it.
