MERRY CHRISTMAS

As the Christmas season is with us, and the end of the year approaches, the time has arrived for every community and every individual to take stock and see if there has been progress made during the past year.

The community surrounding Prineville has made more progress during

the twelve months coming to a close than in any like period in the history of the country, and should on this Christmas occasion, feel that many better and bigger things are in store for the community and every individual it contains.

Every one of our readers has played his part in this struggle for better things, and to all of you we extend the compliments of the season. May this in every way be a very merry Christmas to you.
