

A STITCH IN TIME

KAHN POINTS
WAY TO ESCAPE
HEAVY TAXESCalifornia Congressman Says
People Must Cooperate
With Government

Congressman Julius Kahn of California, senior member of the Military Affairs Committee of the House, in a signed statement given out at Washington, reviews briefly some of the problems confronting the government in post-war finance and urges the country to help congress hold down taxes. He said:

"How is the United States going to pay her war debts which are now beginning to flood the nation's treasury? The outflow of public funds today is almost on a par with the expenditures made while the war was raging. Although there are no more munitions or implements of war to be purchased, the engines of destruction which American factories created to bring about the downfall of the imperial government of Germany have not all been paid for. Then there are the heavy expenditures incident to readjusting the world from a war to a peace basis. Reconstruction Cost Heavy.

"It is no news to students of history to be told that the expenses of post-war reconstruction have always been as great and many times greater than the actual war outlay. Food must be shipped to our boys who are still on foreign soil. Money must be raised to further projects having to do with fitting these noble heroes of ours with suitable occupations. Those who have been maimed must not be made to come into competition with the sound.

"Where is the money to come from? The people themselves, although they lent patriotic and wholehearted support to the government's war program and made unprecedented sacrifices, keenly felt the effect of the taxes imposed in the revenue bill such as they had never faced before and would have not submitted to except in view of extraordinary circumstances. Now that the war is over we must find some way of raising money to finance the various necessary projects confronting the nation.

People Must Cooperate.
The people must cooperate, and they can cooperate without paying heavy taxes. They can continue to invest in War Savings Stamps, Liberty Bonds and other government securities, and help the government by helping themselves.

"The government offers its citizens a two-fold proposition, mutually helpful. Funds can be raised to help the government meet its obligations, by the patriotic cooperation of the people, who are at the same time making as safe an investment as can be made in securities, backed by the most stable business on earth, that of Uncle Sam."

Glass Is Thinking of
Fifth Loan—Are You?

"I say that it takes a higher type of patriotism to serve this nation today that it required in the delirium of war, and that it is the duty of the American people, and I believe they will regard it as their privilege, to approach that question with some degree of patriotism and not altogether upon a commercial basis."

Secretary of the Treasury Carter Glass.

"There never was a time in the history of the United States when the utmost possible stimulation of the saving habit meant so much to individual and national prosperity as it does now."—Elmer H. Youngman, editor of "The Bankers' Magazine."

We have won the war; we must keep our army equipped to help enforce peace. War bills must be met. Lend your money to the government. Buy War Savings Stamps.

VICTORY LOAN
QUOTA NOT TO
HINGE ON W. S. S.Failure of Some Districts to
Reapportion Causes
Change in Plans

Victory Liberty Loan quotas will not be affected by Thrift Stamp sales as planned by the Treasury Department the first of the year. It was announced last January by Lewis B. Franklin, director of war savings, that wherever Thrift Stamp quotas were exceeded the amount of oversubscription would be taken from the coming loan quota and that if the Thrift Stamp quotas were not reached the deficiency would be added to the loan quota.

Governor James K. Lynch of the Federal Reserve Bank has just received a telegram from Washington advising that the plan to adjust Victory Loan quotas in accordance with the sale of War Savings Stamps has been abandoned. The reason given was that some of the Federal Reserve Districts were not reapportioning Thrift Stamp quotas.

THRIFT MEANS

Spending wisely to satisfy important needs of the present and saving the rest of one's income to meet important needs of the future, lest spending for trifles today deplete one's resources so that he cannot meet important needs and opportunities tomorrow. Thrift, like success, requires two things, planning and will power to carry out the plans. In short, thrift means success.

Thrift Stamps will help you to plan and will back up your will power.

REGENERATION

Before I went to war I lived my life
In luxury and softness, seeing naught
Of the despair and sad, unceasing strife
Of thousands with whose lives my case was bought.

Before I went to war I took no thought
But heedless, careless, dallied on with sin;
Saw not the price at which a soul is bought,
Nor knew the souls men buy as mine own kin.

I went to war—tore out my dying roots
From the stagnant soil and flesh was bedded in.
I'd thought to find my comrades uncouth brutes—
Instead, found men, and learned that sin is sin!

And Liberty!—I learned to know thy call
Is God's own call to help the world in pain.
So, God, I pray thee not to pardon all,
But do not let me close my eyes again!
—Lieutenant John H. Minns.

Disraeli said, "The greatest secret of success in life is to be ready when your opportunity comes." Prepare with War Savings Stamps.

200 ACRES

Here is a place that is all ready to move on to and start to farming. There are 200 acres, all under the Ochoco Project, and all in cultivation. The place is fenced and cross-fenced with woven wire. It has a fine well, good house and outbuildings, 1 1/4 miles to school, on R. F. D.

115 acres are in rye and wheat, 27 acres in alfalfa. There is a 20 per cent paid up water right on 50 acres of this place. There are tools that go with the place and all of the crops. There are 30 cattle, 16 sheep and 1 brood sow that can be purchased at reasonable prices, also all the horses needed to work the place. This is a real bargain at the price and is a place ready to start farming at once.

We can offer here one of the best places in the district. It is a going concern and can be had at a low figure if taken within the next thirty days. There is a \$2,000 water right that goes with the place at the purchase price. There are 65 acres in alfalfa and the place is mostly seeded and ready for the water. We are sure that this place will not be on the market very long, and if anyone is in the market for a big, producing home that can be handled with very little cash, he should see us at once. These buys we are offering are only short time bargains and in the next few weeks will be taken off the market or materially increased in price. This place is one of the best places in the country and will bear the closest inspection.

80 ACRES

We can sell you a forty or an eighty for a very little money down. We have a few that are cleared, plowed, laterals made, and all ready to plant, some are planted. We also have some good 40's and 80's that are uncleared. These we can make a good price on. And the first payment on some of them is so small as to make it possible for almost anyone to handle. This one we are describing here is on the road, half mile from railroad, has R. F. D., is on power line, is one mile from school, and is in every way a most attractive place.
