AMERICANS AND FRENCH IN RIOT

Brest.—Two French civilians were killed and five American soldiers and sailors were injured severely and more than 100 wounded in riots here Sunday. Two of the American soldiers are expected to die.

The casualties occurred as a result of the exchange of shots between American military and naval police and French sailors. The trouble began, according to available accounts, when an American naval officer, who is said to have been drinking heavily, tore down a French flag and trampled on it. A crowd of Frenchmen attacked the officer and it is said, kicked and beat him until he was unconscious.

Americans who passed by and who were not aware of the cause of the fight went to the aid of the naval officer. The fight then became general.
