MAJOR SCOTT

Major Scott, who commanded the big British dirigible R-34, the first of its kind to cross the Atlantic.

WILSON SAYS TROOPS NEEDED IN SIBERIA

Washington.—President Wilson informed the senate in response to a resolution by Senator Johnson, republican, California, that the presence of American troops in Siberia was a "vital element" in the restoration and maintenance of traffic on the Siberian railroad and that under the agreement with Japan they could be withdrawn only when the American railway experts operating the road were withdrawn. The president said Siberia could be protected from a further period of chaos and anarchy only by keeping the railroad open and that lacking the prime essentials of life the people there were looking to the United States and the allies for economic assistance. This already is being extended and additional supplies are to be sent forward. Roving bands having no connection with any organized government in Russia are menacing the railroad, the president said, and consequently protection by the military is necessary.

U. S. LOANS WELL SECURED

Treasury Official Denies Foreign Requests for Cancellation.

Washington.—Every dollar of loans and credits advanced by the United States to foreign countries, including Russia, is amply protected by securities and will be paid in full, R. C. Leffingwell, assistant secretary of the treasury, told the house committee on expenditures in the state department. Mr. Leffingwell denied that any suggestion had been made by the official representatives of the foreign countries regarding the cancellation of loans.

Bela Kun's Removal Demanded.

Paris.—A strong arraignment of the present Hungarian government is contained in an allied statement, by which it was made known to the Hungarian people that they could only obtain a removal of the blockade and receive food supplies if they ousted Bela Kun and set up a truly representative government.

May Repeal Soft Drink Tax.

Washington.—The house ways and means committee reported a bill to repeal the 10 per cent tax on soda water and soft drinks. The committee also voted to reduce the war tax on fruit juices to 2 cents a gallon.

CHICAGO RACE RIOT IS FATAL TO TWO

Many Injured by Missiles In Trouble, Which Starts at Bathing Beach.

Chicago.—Serious rioting of whites and blacks in the negro district of Chicago broke out Sunday afternoon and before midnight two men were dead, according to police reports, both drowned; two negroes probably fatally wounded and more than a score, possibly 50 persons, both blacks and whites, wounded or injured by bullets, stones, clubs and other missiles; 60 or more arrests were made and five uniformed policemen were rushed into the black belt.

A white youth was arrested in connection with the drowning of the negro. The latter was said to have been struck by a stone and fell from a raft floating off the Twenty-ninth-street bathing beach where the first serious trouble started. Stones were thrown at bathers on both sides of the color line, as white and blacks are segregated at the beach. Twenty-ninth street soon was a seething, fighting mass of humanity of both colors. Revolvers, rifles, clubs, stones and bricks were used. Riot call after riot call was received by the police and patrol wagons loaded with bluecoats rushed to the district. Negroes at home on State street in the heart of the black belt beat whites precariously through the day and night. Whites went about dragging negroes from street cars and beating them. The trouble moved from one part of the negro district to another. Hundreds of policemen were rushed to the troubled neighborhood and succeeded in keeping the disorders scattered.

FIVE WEEKS' RECESS FOR HOUSE MEMBERS

Washington.—Senate controversy over the peace treaty with its league of nations covenant will be halted temporarily this week to allow consideration of the long-pending Colombian treaty. While the senate considers the two treaties the house will be occupied with a rush of legislation preparatory to the planned recess of five weeks beginning Saturday. While the house is in recess the senate will remain in session, chiefly working on the peace treaty. The recess will delay enactment of several bills, including the prohibition enforcement measure, until September. The Colombian treaty, involving payment by the United States of \$25,000,000 to that republic resulting from the partition of Panama but with the original clause expressing "America's regret" for the loss by Colombia eliminated by the agreement between the state department and Colombia will undoubtedly be ratified.

Race War Threat to President.

Chattanooga, Tenn.—Declaration that before negroes of the country again will submit to "many of the injustices which we have suffered, the white men will have to kill more of them than the combined number of soldiers that were slain in the great world war," is made in a letter written to President Wilson by the Rev. I. G. Robinson, presiding elder of the African Methodist Episcopal church at Chattanooga. The letter appeals for the president's "support in behalf of legislation to prevent lynchings and to force Southern states to place negroes on juries."

N. Y. Negroes Want Equal Rights.

New York.—Nearly two thousand negroes shouted their approval here when various speakers addressing a meeting held under the auspices of the "equal rights league" urged the adoption of radicalism among negroes as a means of obtaining their "rights."

Year's Pay Wanted for Service Men.

Washington.—A bonus of one year's pay for each soldier, sailor and marine who fought in the war is provided in a bill introduced by Representative Foster, Ohio.
