ATTENTION EX-SERVICE MEN!

(By L. L. Briggs)

The lid is off and the American Legion of Crook county has started to do things. At the regular meeting held at the Court house last Tuesday evening, plans were laid for a busy future. Everyone who attended is enthusiastic over the results of the meeting.

If you were not there you cannot realize what you missed and it should be your duty not to miss another meeting, as there will be big things doing and it is up to you to help.

If you have not joined the Legion, do not waste another minute. Join today. If there is anything you do not know about the Legion just ask Doc Rosenberg, chairman, Asa Battles, secretary, or any ex-service men who are members and they will be glad to explain the importance of the Legion to your welfare.

Every soldier sailor, or marine of Crook county should arrange to attend the special meeting to be held next Tuesday evening at eight o'clock at the court house. At this time we are going to thresh out a real live program for the future. At the last meeting permanent officers were elected: Asa Battles was chosen as a delegate to the State Convention to be held at Portland. Mr. Brunn was also elected as alternate delegate.

Arrangements are being made to hold meetings at Paulina, and at Powell Butte and other sections of the county to create more enthusiasm. It is planned to hold dances at these meetings whenever possible.

A committee was appointed to make arrangements for a suitable memorial to be erected in memory of the boys of Crook county.

If you are not a member, get in now and be a Charter member. Don't forget the date—Tuesday evening, Sept. 9, at the court house.

The sale of the Van Morse ranch west of Redmond to G. W. and Ernest Reels, was completed on Monday. The Reels brothers, who have spent the summer at Lower Bridge, were formerly of the Fort Rock section and will take possession of the ranch at once with their mother and the family of G. W. Reels.

Mr. Morse is disposing of his fine herd of dairy stock at private sale. His plans for the winter are indefinite, but he will probably be around in the vicinity of Redmond until spring and relocate then.
