Solution of the financial crisis superinduced by the unjust cost of living, is largely in the hands of the American people themselves, according to the United States Federal Reserve Board. In his lette" to the Senate Committee on Banking and Finance, W. P. G. the Treasury is unable to continue the Harding, governor of the Federal Reserve Poard, said:

Whether viewed or financial standpoint the remedy for e present situation is the same, name ly to work and to save; work regularly and efficiently, in order to produce and distribute the largest possible volume of commodities, and to exercise econo mies in order that money, goods and services may be devoted primarily to the liquidation of debt and to the sat isfaction of the demand for necessities. rather than to the indulgence in extravagance or the gratification of a desire for luxuries.
