# LIVE STOCK

**SPECIALIZE IN FEEDER HOGS**  
 One Hundred Carloads of Cholera-  
 Free Animals Shipped Annually  
 From South Dakota.

(Prepared by the United States Department of Agriculture.)

Feeder hogs, perfect as to specification and designed to satisfy the most discriminating purchaser, are exported annually from the Belle Fourche reclamation project, South Dakota. Approximately 100 carloads of cholera-free and alfalfa-raised porkers are shipped each season. The output for the last few years has been purchased by Nebraska farmers who fatten and condition the hogs for the central markets. A special advantage about such shipments is that the animals need not be held in quarantine while vaccinated to satisfy the requirements of interstate shipment, and the purchaser does not have to bear added expenses, such as yardage and feed costs, which he would have to pay if he bought his stock hogs on the central market.

The Belle Fourche project was recently declared free from cholera by

Dakota Farmers Specialize in Feeder Hog Production.

the state live stock sanitary board. The hog growers of that section have decided it is most profitable for them to produce feeder hogs because the high price and limited quantity of corn in their vicinity available for feeding purposes make the fattening of hogs a hazardous undertaking. On the other hand, alfalfa hay is grown in abundance, and the pasture afforded is keenly relished by the hogs. Hence the project farmers are limiting their operations to feeder-hog production.

A co-operative live stock shipping association has been organized on the Belle Fourche project to market the hogs in unique fashion this fall. The plan is to secure carload orders for these hogs so that they may be shipped out in small train loads for delivery to points east of the Missouri river. The idea is to have about fifteen cars of hogs in each train, these cars being loaded at Newell and Nisland on the project and to be carried to destination, without stopping for feed or water, within the 36-hour limit. Information is being promulgated among the prospective buyers along the route regarding the freight rates on a minimum car of feeder hogs so that they can estimate accurately the gross cost of such a load of quality feeders delivered at their destination. The hogs sold during the fall of 1918 ranged from 16 to 21 cents a pound f. o. b. cars, some of the loads being sold above the market quotation and some of them under.

The Belle Fourche plan of marketing feeder hogs should be of interest to other stock raisers and feeders in various sections of the country. Illustrating, as it does, a new method of feeder-animal distribution. Handling through a co-operative shipping association directly from the producer to the purchaser makes it certain that the buyer will receive the hogs at his station at a minimum cost for handling in transit. Furthermore, the fact that the animals come from a cholera-free country is positive insurance against losses from that disease. If the hogs are not exposed to infection in transit or subsequent to their delivery at their new homes. Prospects are that in the future many South Dakota farmers in the eastern part of the state who raise considerable corn and make a practice of feeding the grain to hogs will rely to a certain extent on the animals coming from the Belle Fourche project.

### KEEP BEEF CALVES GROWING

Ensilage, if Available, is Best and Cheapest Feed When Pastures Have Become Short.

(Prepared by the United States Department of Agriculture.)

Beef calves on pasture should be kept in a thrifty, growing condition. If the pasture becomes short the cows should be fed, otherwise the development of the calves may be checked. Ensilage, if available, is the cheapest and best feed. Good hay is an excellent supplementary feed, and cows, even on a fairly good pasture, seem to relish a small quantity of dry feed. Soy beans, cow peas, or other pasture crops may be used. If it is not practicable to supply supplementary feeds to the cows the calves should be fed a little grain. This can be done easily by placing a small quantity in a creep in the pasture. A mixture of one-third corn, one-third oats, and one-third bran by weight is a good feed for this purpose.

## CARE FOR HEALTH OF FOWLS

Dropping Boards Should Be Cleaned Weekly—Isolate Birds With Colds—Keep Away Insects.

(Prepared by the United States Department of Agriculture.)

Clean the dropping boards at least once a week, and spray the roosts once a month with kerosene or some commercial preparation for killing mites. Have a good supply of sand or dry dirt on hand to use on the dropping boards.

If any of the birds develop colds,

A Clean House Promotes the Health of Poultry.

put as much potassium permanganate as will remain on the surface of a dime into a gallon of water and keep this material in their drinking water for several days, or until the symptoms of the colds have disappeared. Remove any sick birds from the flock as soon as noted and treat them in coops by themselves or kill and bury them if they are not worth treating.

Examine the pullets and hens for lice and dust thoroughly with a good insect powder or apply a mixture of equal parts of vaseline and mercurial or blue ointment, applying a piece about the size of a pea one inch below the vent of the bird, rubbing the mixture lightly on the skin. An application of this ointment two or three times a year will keep the fowls free from lice. Where insect powder is used, it should be applied three or four times a year, or oftener if the fowls become infested with lice. Provide a small box in the house, partly filled with dry road dust or fine dirt, in which the hens may dust themselves, thus helping to keep them free from lice.

### TOO LATE TO CLASSIFY

LOST—A gold ring with flat set, somewhere in Prineville about October 16. Finder please leave at Cornett & Co. store. 50t2p

WANTED—Second-hand flat top or roll top desk. Give price. Box 234, Prineville. 50t2c

FOR SALE—E 1/2 NE 1/4 and E 1/2 SE 1/4 Sec. 21 T 34 R 7 E, about 80 acres in alfalfa. 1 mile from Redmond. Price \$3,210. Terms, C. M. Montgomery, 312 Elk St., Bellingham, Washington. 50t1c

FOR SALE—Work team. Inquire at Journal office. 50t1p

FOR SALE—Fairbanks engine, 1 1/2 h. p., in good condition. Chas. C. O'Neil, Prineville. 50t2p

FOR SALE \$125.—A Good work team, harness and 3/4 in. wagon. Inquire at this office. 50t2c

FOR SALE—We still have several sets of the U. S. Harness for sale at the same price. Breaching harness at \$63 and Lead Harness at \$54 per set. Leather has advanced 10 to 12 cents per pound since this harness was purchased but the selling price remains the same. See us at once before they are sold. Over fifty sets have been sold in the county this summer. Liberty bonds taken same as cash. R. S. Dixon and R. L. Schee, Prineville, Oregon. 50t1c

HYDE PARK—This tract of land adjoining the city on the east has been recently offered for sale in acre tracts and is selling fast. One third of it is sold already and there are some choice acre tracts to be had at the price of city lots on easy terms at 6 per cent interest. It is only a question of a short time until these acre tracts will be cut up into city lots and demand a good price. This land is under the Ochoco Irrigation District, thus affording cheap water for gardens and lawns. Buy an acre where the city is building now and where taxes are cheap. See me at once. R. L. Schee, 335 Main St. 50t1c

## Give the world the once over

LISTEN, fellows, to some straight talk. Many a man when he gets to be 40, misses something. He may have lots of money, and a fine family but—

He never "got out and saw things". After he gets settled down, it's too late.

Every man wants to see the world. No man likes to stand still all his life. The best time to TRAVEL is when you're young and lively—right NOW!

Right NOW your Uncle Sam is calling, "Shove off!" He wants men for his Navy. He's inviting you! It's the biggest chance you'll ever get to give the world the once over!

The Navy goes all over the world—sails the Seven Seas—squints at the six continents—that's its business. You stand to see more odd sights, wonderful scenery and strange people than you ever dreamed of.

You'll work hard while you work. You'll play hard while you play. You'll earn and learn. You'll get, in addition to "shore-leave", a 30-day straight vacation—which is more than the average bank president can count on.

You can join for two years. When you get through you'll be physically and mentally "tuned up" for the rest of your life. You'll be ready through and through for SUCCESS.

There's a Recruiting Station right near you. If you don't know where it is, your Postmaster will be glad to tell you.

# Shove off! - Join the U. S. Navy

## "Here's a Friendly Tip" says the Good Judge

Men who know tobacco, chew the best without its costing them any more. They take a little chew and it's amazing how the good taste stays in a rich, high grade chewing tobacco.

For lasting tobacco satisfaction, there's nothing like a small chew of that rich-tasting tobacco.
