PURE BREDS COME TO PRINEVILLE

Some of the best pure bred stock sold at the Pacific International Livestock Show last week came to Prineville to head herds of registered animals here.

Two carloads of aristocrats arrived Tuesday morning and were unloaded

and taken to their new homes during the day.

In the lot was one Shorthorn bull, purchased by M. R. Biggs, to head the famous Willowdale herd, at \$3,500 from Day & Rothrock of Sprague, Washington.

Three heifers at an average price

of \$1,000 each were also purchased for the Willowdale herd, and are excellent individuals.

H. D. Dunham bought an excellent Durham bull from the herd of Henry Thiessen of Sweetwater, Idaho, at \$1,400, also a younger bull and two

heifers at a slightly lesser price.

J. Ralph Brees purchased one bull of the Thiessen herd also at \$1,150.

W. I. Dishman purchased a Shorthorn bull at \$425; S. S. Stearns one Hereford at \$350.

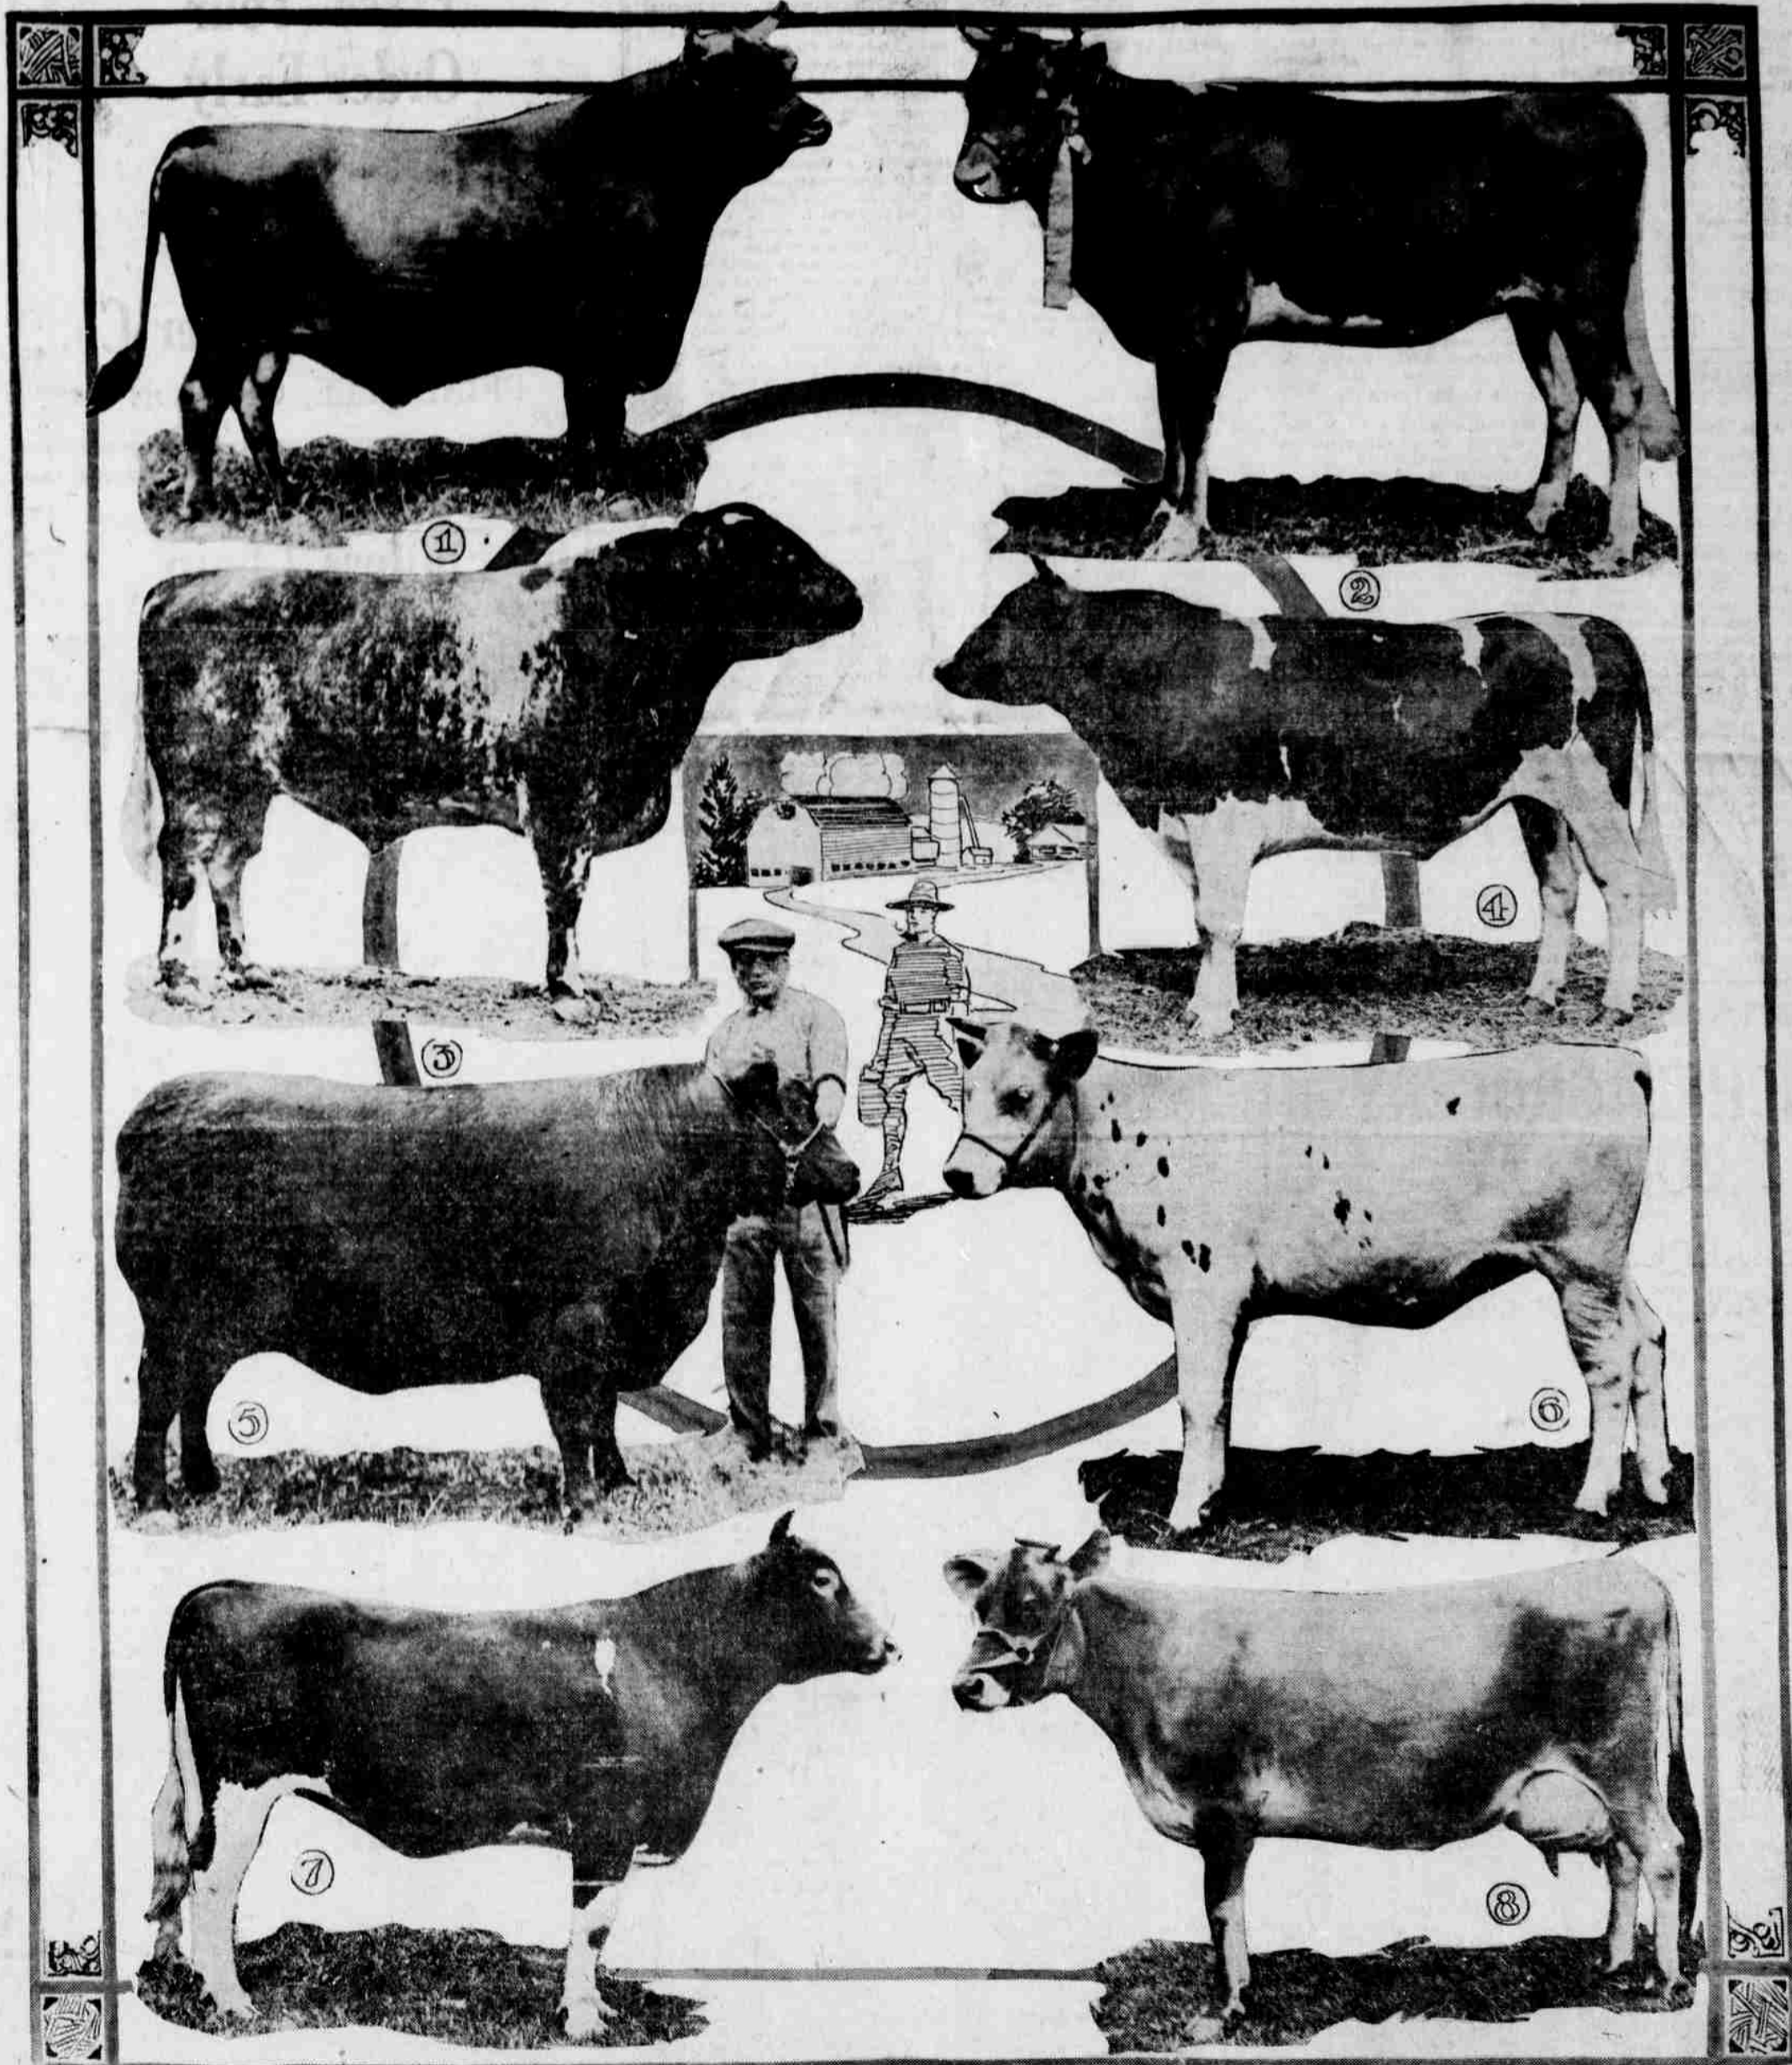

Dickson & McDowell bought all of

the Washington State College show herd of Polled Angus cattle excepting one individual at a consideration not made public.

John Kuhn bought one bull from the famous Glyde herd of California, at \$800.

Such animals as these will have a very beneficial effect on the already excellent herds of this part of the state and next year some of the local herds are to be represented in the show ring at the International.

PRIZE WINNERS AT THE PACIFIC INTERNATIONAL EXPOSITION AT NORTH PORTLAND LAST WEEK
