BUICK OFFICIAL OFFERS ADVICE ON WINTER DRIVING

"The practice of most Buick owners is to drive all the year around and for this reason Buick cars have been equipped with every cold-weather convenience necessary to perfect driving comfort. But there are some miscellaneous rules with which not all drivers are familiar, but the observance of which will often simplify driving even under the most trying conditions," says E. B. Wilson, Director of sales of the Buick Motor Company.

"When driving in snow and sleet, and even in heavy rain, it is, of course necessary to have the side curtains closed, for comfort. In this case, vision through the windshield is often seriously obstructed by the snow or rain on the glass. There are some patented windshield cleaners on the market that assist greatly in overcoming this condition, but if your car does not happen to be equipped with one of them, you can get around the difficulty by adjusting the windshield. Leave the lower half entirely closed and adjust the upper half so that it slants out enough to give you clear vision between the upper and lower glasses—an inch or two will suffice. In this way the snow or rain that beats in will not bother you to any extent.

"When the streets are slippery, the safest practice is to use tire chains particularly on the rear wheels. But should you be driving without them, be careful how you handle the brakes. Never apply the brakes suddenly under these conditions. The best method is to keep your foot off the clutch pedal, leaving the clutch in engagement, and then when you wish to apply the brakes, take your foot off the throttle, close the hand throttle entirely and apply the brake gradually. This causes the motor to help you to slow down and keeps the pressure perfectly equalized on both rear wheels. Do not apply the power suddenly on slippery streets. Open the throttle gradually.

"If you happen to be driving down hill, you can use the motor as a brake by shifting into second or first speed on steeper grades, then close the throttle. You will rarely have to use the brake if you follow this method. When the road is slippery, summer or winter, always drive at such speed that you can stop with reasonable quickness without the danger of skidding. You have always got to figure on 'the other fellow,' and you never know what he is going to do. A car suddenly turning into the main thoroughfare from the side street, or a careless pedestrian who steps into your path from behind a car or other obstacle beside the curb, will make it necessary for you to act quickly to prevent an accident, and you can do this if you have your car perfectly under control.

"We solicit all Buick owners to observe the traffic rules to the letter. They are founded on good common

sense in most cases, as are the rules governing 'courtesy of the road.' Know the streets and roads in your locality that have the 'right of way,' and then do not, in all cases, be too insistent on maintaining your 'right-of-way.' There is no safer or more pleasant mode of transportation than motoring. The most important rule to observe is 'Keep your car under control at all times.'"

YOUNGEST CLUB HOLDS FIRST ANNIVERSARY

The Psychocrat Club held its first anniversary meeting at the home of Miss Morse in this city Saturday afternoon last.

The program committee, consisting of Mesdames Morse, Adams, and Trunkey provided a very pleasant program.

The members were dressed as young boys and girls and in this manner denoted the youth of the club. A delightful time was had.

MUSTARD BUYS POTATOES

S. D. Mustard of Powell Butte was in Prineville yesterday on business. Mr. Mustard has purchased car loads of seed potatoes at good prices, the demand for Powell Butte tubers being better than the local potato king could supply.

BOND ELECTION CALLED

A bond election has been called by the board of directors of the Lone Pine Irrigation District for December 27, at which time the issuing of \$150,000 in six per cent bonds will be voted upon.

The ballots will be cast at Lone Pine school house and the polls will be open from 8 a. m. to 5 p. m.

MRS. WIGLE IN HOSPITAL

Mrs. J. H. Wigle, who has been suffering from a fractured ankle for some time, was operated upon in a Portland hospital last week and is at present doing nicely.

PHYSICIAN WINS SUIT

After an absence of seven hours from the courtroom, the jury in the \$10,000 damage suit brought by John Pane, mill employe, against Dr. G. L. Cousineau of the city, returned at midnight last night, with a verdict for the defendant. The suit was based on alleged faulty treatment of a fractured femur and wrist.—Oregonian Nov. 22.
