CHANDLER SIX

Famous For Its Marvelous Motor

Chandler Leads Where Performance Counts

WHEREVER men ask much of their automobiles the Chandler dominates. In the mountain countries it performs as many cars with larger motors do not perform. Climbing steep grades with the sharpest turns on high, creeping up and up at six or seven miles an hour on high without a miss or a skip or a sign of effort, where others shift, the Chandler holds for its driver the thrill of really satisfactory motoring.

In country roads of mud or sand, and in the congested traffic of crowded city streets, this same power and this same flexibility show their qualities.

The Chandler leads the whole six-cylinder group so distinctly because it is such a good car and so fairly priced.

There's no better time than NOW to place your order.
