WEST COAST SERVICE

is the most beneficial scheme of finance yet devised. It is a life insurance plan which provides for a guaranteed protection for the wife, children, or a dependent in event of your death; an asset to business and credit; and a mark of character.

It costs no more than it does to have a savings account. You deposit definite amounts each year. You withdraw a definite amount if you live to a certain age, or if you become totally and permanently disabled before that time. And in event of death the same definite amount is paid to whomever you have designated. Provisions are made against loss if deposits are dropped after the third year. Its chief advantage lies in the absolute certainty of attaining the amount of savings you desire to accumulate, even if death or disability intervene.

West Coast Service is old-line legal-reserve, State-regulated life insurance, extended by West Coast Life of San Francisco in accordance with "The Spirit of the West" in its trust form. West Coast in Prineville and vicinity. Tel. 164 Adv.

ESSEX ROADSTER MAKES HIT WITH SPORTSMEN

"When I wanted to purchase a roadster recently, I looked over every one on the market," said the latest owner of an Essex Roadster. The salesman at the Elkins garage, where Essex cars are sold, showed me the extent of room and ease with which the rear compartment could be closed and opened. When I found that I could put my entire camping outfit in that compartment and make my trips without the rumbling boards being encumbered with the usual camping impediments, I became convinced that the Essex Roadster was attractively different from those I had formerly inspected. That feature, together with its sturdy construction, its powerful motor and hill climbing ability, were the strongest arguments in my mind in buying an Essex. And since I have driven my car my first impressions are fully sustained and I am suggesting to all of my friends, especially those that camp and hunt, that the Essex is exactly the car for that sort of sport. The new series Dispatch is a snappy, handsome car, seating four adults in perfect comfort. It is of most beautiful design and finish; mounted on the standard Chandler Chassis, famous for its mechanical excellence.
