"I'll Tell the World"
 says the Good Judge

The man who doesn't chew this class of tobacco is not getting real satisfaction out of his chewing.

A small chew. It holds its rich taste. You don't have to take so many fresh chews. Any man who uses the Real Tobacco Chew will tell you that.

Is Your Money Supporting the Government?

At this critical period in our history our manufacturers are offering their mills and our young men are offering their services to the United States government. Would you like to do your share and help, by putting your money where it will support the new Federal Reserve Banking System, which the government has established to stand back of our commerce, industry and agriculture?

You can do this by opening an account with us as part of every dollar so deposited goes directly into the new system, where it will always be ready for you when wanted.

OREGON ASSEMBLY
IN SPECIAL SESSION

Salem, Ore.—The Oregon legislature convened in special session Monday morning. Governor Olcott in his message to the legislature made the following recommendations:

Increase in the compensation provided for injured workmen and their dependents under the workmen's compensation law.

Additional funds to carry out the soldiers', sailors' and marines' educational act.

Supplementary legislation to make irrigation and drainage district bonding act workable.

Submission to electorate of constitutional amendment restoring capital punishment.

Amendment of parole law so as to permit flat sentences on persons convicted of the graver crimes.

Ratification of women's suffrage amendment.

Separate commissions for the commercial fishing and game interests of state.

That only paramount legislation be considered.

Many bills have been placed before the houses for consideration. Whether these will be considered during the special session is problematical, as feeling for a short session and against the full 20-day special allotment is strong.

Resolutions ratifying the national woman's suffrage amendment was the first legislation in both branches of the legislature. The vote on the suffrage resolution was unanimous in both houses.

BRIEF GENERAL NEWS

Representative Webster of Washington was chosen to deliver the Lincoln day address in the house on February 12.

The death list in eastern Mexico from recent earthquakes, floods and volcanic eruptions is estimated at 7000.

Resolutions approving the anti-strike clause of the Cummins railroad bill were adopted by the Iowa Farm Bureau federation.

Governor Charles J. McCarthy and a group of Hawaiian legislators are en route to Washington to present a plea to have Hawaii granted statehood.

San Francisco was selected by the democratic national committee as the place for the party's 1920 national convention, and Monday, June 28, was fixed as the convention date.

Charges before a house war investigating committee that lives of American soldiers were wasted in needless attacks on armistice day were denied in a letter from General Pershing, made public by Representative Fuller, republican, Massachusetts.

The estimated requirements of the United States government, not including anything for the railroad administration for the next fiscal year, were placed at \$5,250,000,000 by James W. Good of Iowa, chairman of the house committee on appropriations.

Increased Pay for Navy Men Proposed
 Washington.—The house naval committee voted unanimously to recommend increases of 30 to 50 per cent in the pay of enlisted men in the navy and advances ranging from \$240 to \$840 a year for officers. Every man in the navy, except recruits and admirals, would share in the increase.

Russian War Loss 35,000,000.
 Warsaw.—Russia's war losses in killed and wounded aggregated 35,000,000, according to statistics of the Kolchak government.
