Cletrac TANK-TYPE TRACTOR

20 Horsepower at the pulley—12 at the drawbar

Works for you every day in the year. When not in the field or orchard, the Cletrac can be put at stationary power work anywhere—any time. This is possible because the track takes it safely over any sort of ground, and its compact size makes it easy to manipulate, line up and keep in line. Last but not least—20 horsepower at the pulley, with governor speed control!

Large roller bearings in all track-wheels. Dust-proof motor. Water clarifier for air. New tank-type, 8 inch wide, single-grouter track. Cletrac is the tractor you've always wanted.

A demonstration on your own place will show you more about this all-purpose tractor than we can tell you. No obligation.
