

Benefit in Joy Giving.
When you once get started in joy giving it's easy to keep it up. The fact that you give joy brings confidence for your magic touch constantly before you. The returning benefits of having given joy keep your supplied with the means of joy giving. So you just direct the ever enlarging stream that through you ministers to your fellows. And your own joy increases with each new expression of your good will. The joy giving habit grows up on you and you would be perfectly miserable without the chance of helping others to happier days. It's real joy.—Grit.

Too Deep for Him.
An Irish sailor, after pulling in 50 fathoms of line, muttered to himself, "Sure, it's as long as today and tomorrow! It's a good week's work for my five men. More of it yet! The sea's mighty deep, to be sure." Then he suddenly stopped short; and, looking up to the officer on watch, he explained: "Had luck to me, sorr, if I don't believe somebody's cut off the other end of this line!"—Congregationist.

Vera Cruz.
Vera Cruz has the unique record of having been twice captured by American forces once in 1840 when we were at war with Mexico and again in 1917 when we were out at war with Mexico. However, all we seem to do with it after we get it is to give it back again, so its citizens probably feel little worried at the vicissitudes of war. Indeed, they have recently raised a statue in honor of the noble defenders of Vera Cruz against the gringos, which shows that they feel they are adequately protected.

Denby!

Motor Trucks

The growing cost of labor, the general improvement in roads everywhere, the increase in construction work, and the growth of long distance cartage, are increasing the necessity for motor trucks of heavy tonnage. Where capacity loads can be maintained, the large truck gives the largest output per man and the lowest ton-mile cost.

The Denby 4-ton truck is designed and built to give the greatest possible results—to make it pay the owner maximum dividends. Nothing has been left undone that would increase its reliability, its road-ability and its economy in fuel, upkeep and maintenance.

Two of these trucks are running 24 hours every day, hauling lumber for Redford Brothers, into Redmond to the Tum-A-Lum yards there. The second of these was delivered last week after the first had been in use a year.

All Denby supplies and parts are now secured immediately from the factory branch, 10th and Davis Streets, Portland, Oregon.

Call on or write us about these trucks, one of the four tons capacity.
