ALFALFA AND GRASS SEEDER

I am now prepared to make delivery on this efficient, labor saving alfalfa seeder. Several are in use over the project and these users are boosters. If your seeder doesn't do what it is intended to do, bring it back. I am ready at any time to demonstrate this machine. If you are ready to see your seed call me up. I will bring a seeder to your farm and demonstrate it to your satisfaction.

I am making shipments to Utah, Idaho and other sections of Oregon. My supply is limited, so if you need one I would suggest that you call at my shop in old Lipman planing mill and have one of these seeders set aside.

Be an Informed Presbyterian

HOSPITALS of the Presbyterian Church throughout the mission world last year cared for over a million patients. Offerings of Presbyterian churches in mission lands are so large that for every \$1 given by you to foreign work there is expended on the field \$1.43.

The Presbyterian Church is teaching the Siamese the dignity of labor and providing them with shoes through a mission tannery. Better bred chickens have been introduced into India, so that the people may have sufficient food. In Africa this church is teaching the blacks farming, carpentering, and blacksmithing—all to help build better life for the natives.
