

INOCULATION OF LEGUMES WITH WESTROBAC IS CROP INSURANCE

WHY

Why has Westrobac won for itself in California the Gold medal at the 1915 World's Fair, over twenty-five cash and special prizes at state fairs? And over 35,000 customers, the oldest of which are its biggest boosters.

BECAUSE

Westrobac Gold Medal Soil Bacteria is a *Pure High Bred Culture*, developed to its present state of high efficiency by most careful breeding over a period of years, getting *results* at a minimum of time and expense. This together with our ideas of what constitutes *service* and *fair dealing* is what is making us friends and customers every day. In Deschutes County alone over two hundred orders already taken for culture covering inoculation of almost every kind of legume grown. If you have been missed by our representative phone or write the undersigned who will be glad to interview you on your ranch. You assume no obligation.

You can't pull the tread off a Thermoid Tire

Eight features that make Thermoid Tires extra strong

1. Thermoid Tires, in many sizes, contain one more ply of fabric than is put in standard tires. For example: 3 1/2 inch tires are built with 5 plies of fabric, and 4 1/2 inch sizes with 7 plies.
2. The fabric in Thermoid Tires is woven from 17 1/2 ounce long staple Sea Island Cotton.
3. Between each layer of fabric is a special blend of *Croloide Compound* rubber.
4. The cushion is also made of a special blend of *Croloide Compound* rubber.
5. The breaker strip is made of specially woven fabric.
6. Between the cushion and the tread there is a different percentage of *Croloide*.
7. The tread is of *Croloide Compound* rubber—extra thick, and because of *Croloide*, tough and resilient.
8. The tread is held firmly in place by a special Thermoid interlocking arrangement of the plies of fabric.

We claim, frankly, this tire will give you more mileage for less money than you've heretofore obtained. The Thermoid guarantee below offers you the opportunity to prove or disprove this claim for yourself without risk.
6000 miles guaranteed (Ford sizes 7500).
