Iowa Pastor Leader In Great Religious Program

WILLIAM HIRAM FOULKES
 On the "general staff" of perhaps the greatest alliance of American Protestant Churches in history—the interchurch World Movement—is Tommy pastor of Presbyterian Churches in the Middle and West, William Hiram Foulkes of New York City.
 Vice chairman of the interchurch executive committee and associate general secretary in its cabinet, Mr. Foulkes will find time to direct the \$46,000,000 New Era Movement of the Presbyterian Church, which is that denomination's part in the interchurch program for Protestant cooperation in world-wide national advance.
 Born in Quincy, Mich., Mr. Foulkes preached in Quincy, Ill., Clinton, Ia. and Portland, Ore., before he came out of the West to become pastor of Rutgers Church, New York City. His million-wide campaign for acceptance as general secretary to the "world relief and assist" for the Presbyterian Church, had known his ability as an orator. In 1919 he was sent to Edinburgh as a delegate to the World's Missionary Conference. He is secretary of the executive committee of the Presbyterian National Service Commission.

Footprints of Progress.
 A good substitute for cork is obtained from certain fungi, which are dried and ground, mixed with cement and consolidated by pressure. In Norway a process has been patented to enable carbide to be used for driving motors. In Denmark a company has been floated to make briquettes from heather. These have a higher heat value than peat. Experiments are being made to use chalk marl, especially that which comes from the Limburg mines, as a fertilizer.

Joys of Life.
 One of the joys of life is planning a model home, but the discovery of the cost of building material and the disposition of the contractor to examine your plans and then follow his own takes some of the joy away.

Utilizing Waste.
 A new industry just introduced at Milan, Italy, consists of the manufacture from waste leather cuttings of boxes for collars, cuffs and carpets, furniture coverings and wallpaper.

SEAT OWEN F. JONES
REPUBLICAN
 Candidate in Congress

He Favors: Equal rights to the Public, Labor and Capital.

Is Immensely Interested in Irrigation Development, the advancement of the mining and timber resources of this part of Oregon and the recovery of our apportionment in the federal fund for development purposes.

He is in touch with the vital needs of Central and Eastern Oregon.

Primaries May 21. Get out and vote.

JONES FOR CONGRESS CLUB.
 Paid Adv. Baker, Oregon.

Chevrolet

The cost of operating trucks depends to some extent upon the driver. If it is easy for him to drive he will operate it with greater efficiency, and thereby at a lower cost of maintenance.

The Chevrolet is an easy truck to drive. The controls are conveniently arranged as you will observe from the illustration below. And they are simple to operate. It is equipped with a good sized steering wheel, an adjustable windshield and adjustable head lights which are especially convenient for night driving.

A governor is also provided which limits the maximum speed of the truck to twenty-five miles an hour and can be locked to prevent changing by the operator.

Electric lights and starter of the highest type two-unit system are also provided, as well as dimmers; electric horn; odometer; side curtains for driver's seat; windshield; complete tool equipment.

Build the Logical Way

and you **Save 30%**

The factory way is our National way. It eliminates waste and makes possible a better product for less.

Houses are no different from other products. With most of the labor performed in our mill, a big saving and a better house is the result. You get only selected Douglas Fir Lumber, world famous for durability and beauty. The house comes to you in one shipment. It saves the labor of building the ordinary, expensive way. It saves the waste of expensive material. And you can erect it yourself with unskilled help.

It Don't Pay to Neglect Painting

Paint is the only thing that lengthens the life of a building. Paint costs very little—much less than lumber. Every dollar invested in paint will save many dollars in the value of lumber. We sell

ACME QUALITY
 HOUSE PAINT

because we can recommend it as the best made—and the makers stand back of us. It costs less because it takes less and lasts longer. Don't delay painting—it's expensive! Glad to show pleasing colors, estimate quantity, or give any desired information, whether you buy or not. Get a copy of our "Home Beautifying" booklet—IT'S FREE.

LAKIN HARDWARE
 "WHERE IT PAYS TO TRADE"

Give Self and Substance

GOD wants you! Your substance is secondary and will be given willingly when your heart belongs to God.

Have you discussed with your family how much you ought to give your Presbyterian church when the annual canvass for pledges is made April 25 to May 2?

Money cannot repay God's mercies. He wants service. But money will show to some extent the value you place on the work of the church in the community. It is to the church you look in time of sorrow and trouble. The church stands for the moral good of this town. You cannot do less than support it with a fair proportion of your income.

Presbyterian men, surprise your pastor. Volunteer as a Minute Man, boys' club leader, or as special caller. Take part in prayer meeting. Offer to teach a Sunday school class; and be a prepared teacher. Do your share gladly in the financial canvass. Get into the church and work. Don't forget the canvass in your family prayers.

OREGON MANUFACTURERS - "OVER-THE-TOPPERS"

A serious unemployment situation arose. Ex-service men were without work. So Oregon's manufacturers increased the number of their employees.

A greater output followed with the attendant problem of finding a market. The market was found - the excellence of Oregon's products created demand and carried us "over the top".
