"Father of the Chapel."

This term, as applied to the printing industry, is one of religious derivation. When, centuries ago, printing was done in monasteries, it was customary to discuss all matters connected with the work in the chapel, with the father superior in the chair. Hence the term "Father of the Chapel."

What 5,000 Miles Mean to You

Overland, on frozen, rough Indiana roads, did 5,452 miles in 7 days

Equal to New York to San Francisco and back to Chicago at express train speed—with no change of engines—no let up to the terrific wear and tear. It means more than a year's abuse and not a flaw; stamina, quality in every part; another demonstration of the wonderful riding qualities of the radical new *Triplex Springs*.

Average, 32.45 miles per hour.
Gasoline, 20.24 miles per gallon.
