Every Man Will Have One! Sedentary workers—those who sit at their work—especially might note that if they have the habit of crossing their legs, then can't break themselves of it, they should have a clean duster, or a remnant of soft cloth, and lay it on the under leg. That at once stops the shine and wear that follows "crossing." And, as a duster is not always at hand, and "crossing" is always a temptation, best to cut the crossing habit clean out. A real and most saving economy.—London Answers.

Proof of a Proverb. Clothes do not make the man. If they did there would be many more good men.—Buffalo Enquirer.

"Shun-Pikes." Not all dictionaries contain the word "shun-pike," but it was in common use in this country a century ago and throws an amusing light on the character of some of our thrifty ancestors. A "shun-pike" was a short byroad that left a turnpike on one side of a tollgate and joined it again on the other.—Youth's Companion.

To Remove Paint. When paint has splattered the windows, it may be removed with steel wool more quickly and easily than with a coin, a putty knife or other devices which are often tried.

IF—THE STATE UNIVERSITY AGRICULTURAL COLLEGE AND THE STATE NORMAL

have for many years spent less money per student in training Oregon boys and girls than is spent at any other state institution. The present cost at the State University is \$203 a year; at the College it is \$180. But even before the war, when money would buy twice as much as it buys now, the average cost at all other state institutions was \$325 a year. In addition.

THEIR BUILDING INVESTMENT IS ALSO VERY LOW

At the State University it is at present \$322 per student; at the College, \$300. But in state institutions elsewhere, statistics show the average to be \$995. These are convincing proofs of economical administration, but the three institutions can no longer give satisfactory training to the vast number of Oregon Boys and Girls (5,400 in full time courses alone) unless they receive more support. On May 21 the Higher Educational relief measure will appear on the ballot. You are urged to preserve the quality of higher education by voting for it.

Is Your Money Supporting the Government?

At this critical period in our history our manufacturers are offering their mills and our young men are offering their services to the United States government. Would you like to do your share and help, by putting your money where it will support the new Federal Reserve Banking System, which the government has established to stand back of our commerce, industry and agriculture?

You can do this by opening an account with us as part of every dollar so deposited goes directly into the new system, where it will always be ready for you when wanted.
