

R. N. STANFIELD

R. N. Stanfield, republican nominee for United States Senator in the Oregon primaries.

AGREE ON DIVISION OF GERMAN INDEMNITY

Paris.—France is to receive 55 per cent of Germany's indemnity, Great Britain 25 per cent, and the remainder is to be divided between Belgium, Italy, and Serbia, Premier Millerand told the finance and foreign affairs committee of this chamber of deputies in explaining his recent conversations with Premier Lloyd George at Hythe. The proportions to be allotted France and Great Britain, he declared, had been agreed upon by the peace conference.

M. Millerand stated that the rate of interest to be demanded from Germany on the 120,000,000,000 marka indemnity she was to pay had not been determined, but he believed it would not be less than 5 per cent plus a 1 per cent redeeming rate for the holders of gold bonds which Germany must issue.

MABTON IS ISOLATED

Town Ordered Quarantined on Account of Scarlet Fever.

Yakima, Wash.—The town of Mabton, which has a population of about 1600, was quarantined by Dr. H. H. Smith, county health officer, on account of a scarlet fever epidemic which has developed rapidly within the last few days.

There are about 65 persons down with the disease. School has been dismissed for the year and churches, theaters and other meeting places closed.

HOUSE ADOPTS THE PEACE RESOLUTION

Washington.—The house adopted the senate resolution, repealing the resolution by congress declaring a state of war with Germany and Austria, by a vote of 228 to 139. The vote was along strict party lines except that 19 democrats joined republicans in supporting the measure, while two republicans—Kelly of Michigan and Fuller of Massachusetts—opposed it.

From the side of the republican vote it was clearly indicated that the resolution could not be passed over the veto of the president. The senate vote on passage was 43 to 38.

Summarized, the peace resolution provides:

A congressional declaration of the termination of the war by repealing the resolutions of April 6, 1917, and December 1, 1917, which declared war against Germany and Austria-Hungary, respectively.

Repeat of the war legislation. A reservation of all rights accruing to the United States under the armistice and the treaty of Versailles.

ARMENIA CHARGE ACCEPTED

United States Will Act As Boundary Arbitrator.

Paris.—Ambassador Wallace informed the council of ambassadors that President Wilson had announced that the United States would accept the role of arbitrator in fixing the boundaries of Armenia.

The council of ambassadors have discussed the contention of the Germans that war material destroyed by them remained their property. It was decided that armaments, whether destroyed or delivered to the allies, according to the terms of the treaty, must be considered allied property.

The peace treaty with Hungary, it was decided by the council of ambassadors, will be signed in the Grand Trianon palace at Versailles June 4.

American Tourists Crowd Paris Hotels.

Paris.—Great difficulties are being encountered by Paris hotels in providing accommodations for the thousands of American tourists who are flocking to the city.

Florida's Big Spring.
What is the largest spring in the world? Florida has one which must be near the head of the list. This is called Wakulla spring. It is 400 feet across, is 80 feet deep and flows at the rate of 120,000 gallons of water every minute. It gives rise to a river 250 feet wide at its source. This mammoth spring is situated about fifteen miles from Tallahassee.

Spring's Promise.
It is not the variegated colors, the cheerful sounds and the warm breezes which entice us so much in spring; it is the quiet, prophetic spirit of endless hope, a presentiment of many happy days.—Margot Optiz.

First Lesson in Politics.
My dear prospective candidate, the first thing you should learn by heart is that no person will tell you that he is not going to vote for you.—Acheson Globe.

Big Dish for Birds.
Hundreds of embryo caterpillars are destroyed at a single swallow by the nuthatches and chickadees hunting about the branches during winter, says the American Forestry Magazine of Washington, and even the crows have been known to eat the little varnished packets of eggs.

Compliment for Uncle Dick.
Uncle Dick, a bachelor, fond of children, was a great favorite with his little nieces and nephews, so when the new baby came and papa told them that the stork had left it at their house, Buddy said thoughtfully: "Too bad the stork didn't know where Uncle Dick lives."

Trying to Look Poor.
Personally we try to be economical in our dress, but we have to wear fine clothes to keep from being mistaken for a capitalist.—Dallas News.

Milkweed Seeds.
The milkweed seeds are concealed in a pod, which breaks open and exposes them to the wind. Up they go through the air, each seed carried by a ball of sticky down, the threads so frail that you are astonished when you examine them with a microscope. Each thread turns out to be a separate tube ribbed with dark vein-like streaks arranged in an irregular manner. When a milkweed pod bursts open, you can imagine yourself at a miniature aero meet, in which scores of white craft soar up into the morning wind.

Pearl Always Prized Ornament.
Through all recorded time the pearl has been the favorite ornament of royalty and beauty. Pearls were prized in the jewel caskets of Egypt's Ptolemy, and the first jewel mentioned in the most ancient decipherable writing, was the pearl.

Last: Qualities of Cedar.
A grave marker dug up near Seattle disclosed a remarkable testimonial to the durability of Washington red cedar says the American Forestry Magazine of Washington. The date of death was December 30, 1668. The marker remained in almost perfect state of preservation.

Giving Them Their Due.
The man with brains who does not use them is a sluggard; shame him. The hard worker with few talents is a drudge; encourage him. The man with talents who works hard to make the most of them is a genius; praise him.

Sneeze Reform.
Do you sneeze correctly? A learned doctor says a-choo! is wrong; that you should sneeze a-da! or a-de! Try this on your organ.—Boston Transcript.

SENATOR CHAMBERLAIN

United States Senator Geo. E. Chamberlain, democrat, renominated in the Oregon primaries.

JOHNSON WINS IN OREGON PRIMARY

Portland, Or.—Hiram Johnson apparently carried Oregon in the contest for the Republican endorsement for the nomination for president of the United States in the Oregon primary elections by a narrow plurality. While the returns point to Johnson as the choice of or plurality choice of Oregon republicans, there is a bare chance that the indications may be upset or the final result postponed until the final canvass or official canvass has been made.

Lowden ran a poor third, behind Wood and Hoover was fourth, just behind Lowden.

Senator Chamberlain was renominated by the Democrats for the United States senate by a vote of almost two to one. In all parts of Oregon Senator Chamberlain ran far ahead of Harvey G. Starkweather.

R. N. Stanfield, was nominated by the Republicans by a vote of much more than two to one over Abraham.

BRIEF GENERAL NEWS

Thousands of dollars worth of damage to crops in Linn and Benton counties, Iowa, was caused by a cloudburst. The forty-five million dollar soldier bonus bill passed by the New York legislature was signed by Governor Smith.

Approximately 400,000 new members were obtained last week in the American Legion nation-wide campaign for increased membership.

General Alexia Brusiloff, Russian military leader, has assumed virtually supreme control in Russia, as far as military affairs are concerned, according to reports.

The National Preservers' and Fruit Products association has announced that its members will stay out of the sugar market until the price of sugar comes down from its present high level.

Influenced by the nation-wide price-cutting agitation that is steadily gaining ground, the principal commodity markets of the country continued to "mark down" quoted values. Cotton, sugar and corn options broke violently.

Plans for financing preliminary investigation work on the Columbia Basin Irrigation district project, comprising about 2,000,000 acres in the Big Bend country in Eastern Washington, were discussed by financiers and business men of Seattle, Spokane, Tacoma and Portland at a meeting held in Portland.

\$5 Wheat Possible, Says Hill.
Seattle.—"It is not unreasonable to expect \$5 wheat next winter or some time before the next crop year," said Louis W. Hill, chairman of the Great Northern railroad while here en route East from San Francisco. Crop shortage and impossibility of farmers to get labor he gave as reason for advanced wheat prices.

War Nurses' Bodies Arrive.
New York.—The bodies of ten women war nurses who died overseas on duty at army base hospitals and the first to be brought home, arrived here on the transport Princess Matoka. On board also were the bodies of 418 soldiers who lost their lives in accidents or succumbed to wounds and disease.

House Passes Hawaiian Land Bill.
Washington.—The house passed a bill setting aside 200,000 acres of land in the Hawaiian islands for homestead purposes available to native Hawaiians only. The territorial legislature urged the step, which was expected to rehabilitate the Hawaiian race, said to be fast dying out.
