

PEACE RESOLUTION ADOPTED IN HOUSE

Senate Again Becomes Battleground in Move to Obtain Peace.

Washington.—With the adoption by the house of the joint resolution declaring the war with Germany at an end, the senate again became the "battleground for peace." Both the republican and Democratic leaders expected the measure to be taken up there without great delay.

Sponsors of the measure were confident its passage would be obtained with considerable more than a majority.

The Republicans of the house, with only two defections and the aid of 23 Democrats, one independent and one prohibitionist, passed the peace resolution declaring the war with Germany to be at an end. The vote was 242 to 256, two members voting present.

Before adopting the resolution, the house voted down a motion by Representative Flood of Virginia, ranking democrat of the foreign affairs committee, to send the resolution back to that committee with instructions to report out a substitute repealing all wartime acts. The vote on that motion was 171 for and 231 against.

In the event of its ultimate passage by the senate, the Democrats have been advised President Wilson will veto the resolution.

DEBS, IN PRISON GARB, ACCEPTS NOMINATION

Atlanta, Ga.—Eugene V. Debs accepted the socialist nomination for president of the United States, formally tendered him by a committee from his party.

The ceremony was held inside the Atlanta federal penitentiary, where Debs is serving a ten-year sentence on conviction of violating the espionage act, and the nominee was clad in the blue denim garb of a prisoner.

Under prison rules Debs could not issue a statement, but he made a brief speech in which he thanked the party for the honor again conferred upon him and expressed his regret that he could do so little personally in the campaign.

BRIEF GENERAL NEWS

The senate confirmed the nomination of Edmund Clapp as a member of the federal reserve board.

"The general understanding is that there will be a recess or adjournment of congress on June 5," Speaker Gillett announced in the house.

Increase of the tariff on beans from 25 cents to \$1.20 a bushel is provided by a bill reported favorably by the house ways and means committee.

Fifty million dollars is the estimate by railroad officials and members of the Merchants' association of losses suffered by business in the present series of New York strikes.

One half of the residents of St. Quentin, N. B., having a population of approximately 2000, were made homeless as the result of a forest fire which swept through the village Saturday.

A total campaign fund for General Leonard Wood of \$1,180,043 was disclosed to the senate campaign investigating committee by A. Sprague, national chairman of the Wood campaign fund.

Approximately \$200,000 has been raised for the national campaign of Senator Johnson of California, for the republican presidential nomination, Alexander McCabe, California state insurance commissioner and one of the managers of the Johnson organization, testified before the senate committee investigating pre-convention campaign financing.

Guam Governor Chosen.

Seattle, Wash.—Captain Ivan C. Wettengel, commander of the cruiser Montana, now at the Puget Sound navy yard, and former captain of that yard, received news of his appointment by the president to be governor of the island of Guam, one of the smallest and most isolated possessions of the United States, and yet one regarded as of utmost naval strategic importance.

Durazzo Seized by D'Annunzio.

Paris.—Captain Gabriele D'Annunzio, whose "irregular" Italian troops have been holding Plume, has seized Durazzo, the principal seaport of Albania, and has set up an administration in the town, according to a Zurich dispatch.

Committee Rejects Armenian Mandate

Washington.—The senate foreign relations committee, by a vote of 11 to 4, reported a resolution to the senate "respectfully declining" to grant the authority requested by President Wilson to accept a mandate for Armenia.

Repeal of War Legislation Proposed.

Washington.—Repeal of all wartime legislation was proposed in a joint resolution introduced by Representative Connally, democrat, Texas.

SONORA REPUUDIATES MEXICO GOVERNMENT

Federal Custom-Houses and Property Seized When State Secedes.

Nochales, Sonora.—Customs-houses and all property of the federal government of Mexico were formally seized in the name of the "Republic of Sonora" here, simultaneously with receipt of a report of a clash between Carranza soldiers and Sonora state troops at Guaymas.

Sonora state officials, headed by Governor Adolfo de la Huerta, governor of Sonora, who has been proclaimed "supreme power of the republic of Sonora," by the state congress, declared while the state had seceded, it would return to the Mexican republic upon guarantees from the national administration that there would be no infringement of the state's rights by the federal government.

The secession was brought about by Carranza ordering federal troops into the state.

Spread of the secession movement to other sections unless the government acts quickly was forecast here. The Sinaloa state congress, according to information received here, has endorsed the action of the Sonora congress in demanding constitutional rights and Lower California, according to these reports, is expected to do the same. Sinaloa politics are closely interwoven with Sonora's and both states are largely controlled by General Alvará Obregon.

PRINTING COMMITTEE URGES LEGAL ACTION

Washington.—Legal proceedings by the government against George Creel, former chairman of the committee on public information; Roger W. Babson of Wellesly Hills, Mass., and others concerned in the transfer of the committee's war publication, the Official Bulletin, to Babson are recommended in a report made public by Senator Smoot, republican, Utah, chairman, and Representative Kiess, republican, Pennsylvania, vice-chairman of the joint congressional printing committee.

The report charges that Babson obtained the Bulletin in March, 1919, by "secret connivance" with Creel and others, "without the government receiving a cent in compensation," and urges that suit be brought to obtain "just compensation" for the government.

Numerous abuses in government and other war service journals, are charged in the report.

ROADS WANT \$600,000,000

Amount Declared Necessary to Buy New Railway Equipment.

Chicago.—Six hundred million dollars will be needed by the railroads this year to finance the purchase of new equipment, the Association of Railway Executives announced. Presidents of 65 railroads met here to discuss division of the \$300,000,000 loan provided by the transportation act.

The remaining \$300,000,000 will be furnished by the stronger systems and through loans negotiated in the investment market, the executives stated.

Equipment needs for this year, the presidents reported, include 100,000 freight cars, 3000 passenger cars and 2000 locomotives.

Sugar Prices to Go Up.

San Francisco.—The California & Hawaiian Sugar Refining company announced the basic price for raw unrefined sugar is \$17.43 per 100 pounds. No new price on cane refined sugar to jobbers will be made until the end of the month, the price of \$15.50 quoted April 7 remaining effective until then. The increasing prices of unrefined sugar, it was said by the refining company, will mean a higher price to jobbers on the next allotment before May 1.

Guatemalans in Revolt.

Washington.—The long threatened revolution in Guatemala against President Estrada Cabrera finally has broken out. Reports to the state department said the opponents of the president had gained control of Guatemala City, after some street fighting. A marine guard from the cruiser Tacoma and submarine tender Niagara has been landed to protect the American legation.

Californians Plan Fight on Orientals.

San Francisco.—Representatives of the Native Sons of the Golden West lodge, California Oriental Exclusion league, and the San Francisco Labor council met here to perfect plans for launching an initiative movement aimed to prevent Japanese and other Far Eastern peoples from holding land in the state.

HOUSE PLAN NO. 578, E. N. HALL RESIDENCE

There is no reason in all the world why you can't, as others are doing, have a home of your own—a home built as you've always dreamed a home should be—a home you've planned and designed and decorated—which is exactly in accordance with the wishes and needs of your family.

Do you know that it does not cost any more to build than rent? Practically the same amount of money you pay each month for rent—or even less—will build you a home and entirely pay for it. Where is the sense in paying for the privilege of living in a home when you could just as easily own that home?

Build now! Nothing is to be gained by waiting. Authorities concede that building costs today are somewhat above normal, but they also state that costs cannot be lower until some future time as yet unforeseen. As against this, rents are higher today than ever before, so you are actually losing money every day you delay.

GOVERNMENT NOTES PAY HIGH INTEREST

Washington.—A high record for interest rates on war or post-war government securities was disclosed by Secretary Houston in announcing two new issues of treasury certificates of indebtedness, maturing in three and six months and bearing interest at 5 per cent and 5 1/2 per cent respectively.

The new rates exceed the interest paid on the last issue of certificates by one-fourth and one-half per cent respectively, and the treasury officials declared they were the highest paid on government obligations since the days of the civil war.

Mr. Houston laid the high rates to "recent changes in the situation," which have for some time caused treasury officials to consider changes in their financial program. Necessities of the government were laid before the governors of the federal reserve banks who conferred here, and on the information given by them, Mr. Houston determined to raise the rates on government short-term issues.

Both of the new issues of certificates will be dated April 15. The combined amount will be for \$250,000,000 or more, and the federal reserve banks are authorized to make allotments "in full" on all subscriptions. The certificates do not bear circulation privileges and will not be accepted in payment of taxes.

THOUSANDS DESERT NAVY

Whole Service Treated With Disaster, Says Rear Admiral.

Washington.—Thousands of desertions in the navy in the last year have brought conditions unparalleled in American naval history, Rear Admiral Thomas Washington, chief of the bureau of navigation, Friday told the senate investigating committee. The whole naval service, he warned, is threatened with disaster unless congress immediately enacts legislation raising the pay of officers and men to a point that will allow the navy to compete with civil occupations.

There were 4955 desertions in the last six months of 1919, Rear Admiral Washington declared, and thus far this year they have averaged around 700 a month.

Probers Find Coal Price Inexcusable.

Washington.—The United States bituminous coal commission, which settled the dispute between soft coal miners and operators, declared in a formal statement that present prices of bituminous coal "were inexcusable and out of all relation to the increase in the cost of production caused by higher wages granted by the commission."
