Table with columns: Stations, East Bound, Mixed, Motor, Motor, No. 2, No. 4, No. 6, A. M., P. M., P. M.

WHY NOT BOOST?

We believe that it is about time that the citizenship of Prineville should wake up to the fact that every other town, outside of our own, is making every effort possible to advertise the advantages of their particular section and thereby interest outsiders to the extent of their joining them and becoming co-workers.

we have no way of telling them of the wonderful opportunities to be found by coming here. Our idea is that some concerted effort should be put forth at once to check this flow of people to other parts, and bring them here.

Goodness knows we have one of the greatest excuses for advertising the people to come here and settle in our fertile valley, and we want to say here and now, that unless something radical is done at once, that there is little likelihood of the Great Ochoco Project doing this section the good that was expected of it when first started.

We wonder if this new automobile driver license law will not cause some belated citizen to hang a "license applied for" sign around his neck, in order to keep on the safe side of the law.

Insist on Recognition. The best ideas in the world will not work themselves. Surely the best songs have to be impressed upon folks. There's something in human nature that seems willing to fall for the nonsense of life much more readily than it takes on life's responsibilities.

Peculiar Will Upheld. An elderly Frenchman was found dead in his house at Doumely in the Ardennes. A search among his papers failed to reveal any will until under his bed, a piece of sheetiron was discovered, with these words written on it in white chalk: "I bequeath all my property to the borough of Ardennes on condition that the mayor gives \$12 to the local fire brigade for a beanfeast. (Signed) —" The relatives disputed this queer and very brief will, but the local court decided that it was valid.

Trail Pointer. You can't make your face. Perhaps, if you could, you would make it different; perhaps not. But you can make your voice. You can make it gentle or harsh, you can make it pleasant or quarrelsome, you can make it common or refined, you can make it appealing or repelling.

African Bird Sweet Singer. The Cape canary is the only native bird of Africa that is well known for his sweet and continuous song. He is to be found even in the Orange River colony, which is otherwise devoid of song birds.

War and Peace. The difference between war and peace is, in war a people are united against a common enemy; in peace, each man has blood in his eye and hits anybody within reach.—Houston Post.

SOLDIER RELIEF BILL PASSED BY HOUSE

Measure Provides Cash Bonus of \$1.00 to \$1.25 a Day For World War Veterans.

Washington.—The soldier relief bill was passed by the house, 289 to 92, and sent to the senate.

Forty republicans and 52 democrats voted against the bill on the final roll call.

Several of the prominent men of the house opposed the bill, including Uncle Joe Cannon, Representative Foss, chairman of the republican congressional committee; Representative Flood, Virginia, chairman of the democratic congressional committee; Representative Garner, Texas, democratic whip; Chairman Good of the appropriations committee; Chairman Kahn of California, of the military affairs committee, and Chairman Butler of the naval affairs committee.

The bill provides a cash bonus for men who served in the military or naval forces during the world war of \$1 a day for each day of service for men who did not go overseas, and \$1.25 a day for each day of service for men who served overseas. No cash bonus for men who served in the United States is to exceed \$500 and no bonus for men who served overseas is to exceed \$625.

In lieu of a cash bonus the service men may choose a paid up insurance policy, federal aid in the purchase of a farm or suburban home, or vocational education.

The cash bonus is not payable before January 1, 1921. The bill will now go to the senate, where it is not expected there will be any action upon it until after the national conventions. To provide funds for the bonus the bill carries a schedule of new taxes which would become effective on December 1, 1920. The taxes provided include a 10 per cent tax on stock dividends since March 15, 1919, an increased tax of approximately 15 per cent on tobacco; a tax of 1-5 of 1 per cent on stock exchange transactions and real estate transfers.

\$436,000,000 FIXED AS NAVAL BUDGET

Washington.—Next year's naval budget was fixed at about \$436,000,000 under a complete agreement on the naval appropriation bill reached by senate and house conferees. The original house bill carried \$425,000,000 and the senate about \$467,000,000.

The conferees agreed on \$20,000,000 for navy aviation, a compromise between the \$15,800,000 voted by the house and \$25,000,000 by the senate.

In lieu of the senate appropriation of \$1,000,000 to begin work on the new Pacific coast base in San Francisco bay, the conferees authorized a congressional commission of five senators and five representatives to investigate available sites on San Francisco bay and report to congress not later than December 31.

The Tongue Point submarine base in the Columbia river near Astoria was approved.

WANT OUTLET FOR ARMENIA

Wilson to Insist on Access to Sea Through Batum.

Washington.—In arbitrating the boundaries of Armenia, President Wilson, it is said, will insist that the new republic be given access to the sea through Batum, which the allied supreme council has tentatively decided shall be a free port under inter-allied control.

Batum is one of the most important ports on the Black sea and is the terminus of the trans-Caucasian pipe lines to the extensive Baku oil fields. It also is the outlet for Georgia and Azerbaijan.

Under the terms of the treaty, Turkey and Armenia and the other high contracting powers expressly agree not only to refer to arbitration of President Wilson the question of the boundaries of Armenia, but also to accept "any stipulation he may prescribe as to access to the sea for the independent state of Armenia."

13 Former German Ships Chartered.

Washington.—Thirteen former German passenger ships with an aggregate tonnage of more than 90,000, have been chartered to the United States Mail Steamship company with the France and Canada Steamship corporation "as unconditional guarantors" for trans-Atlantic service, the shipping board has announced. The contract calls for payment of \$3.50 a ton each month, the net return to the government for the first five-year period it covers being estimated at more than \$20,000,000.

French Ratify Peace With Austria. Paris.—The chamber of deputies has ratified the peace treaty with Austria.
