THE CHEERFUL CHERUB

Of life's small ironies there's one That tries me worst of all— The cheerful mottoes that bedeck My dentist's office wall.

The Old Way Was Cheaper

The good old days of the rheumatism are gone. He no longer totes a raw potato in his pocket. He goes to his doctor, his doctor sends him to the dentist, the dentist sends him to the X-ray expert, the X-ray expert sends him to the dentist, and the dentist returns him to the doctor, and the doctor sends him to the drug store for the life, boys.—Houston Post.

Land of Beulah

In the Pilgrim's Progress, the greatest allegory in English literature, written by John Bunyan from 1630 to 1650, Beulah is the name given to a land of rest and quiet, represented as lying on the hither side of the river of Death in which the pilgrims tarry till their summons comes to cross the stream and enter the Celestial city.

A new kind of cold compress for a sore throat is made with a thin piece of gauze or an old handkerchief about 2 inches wide. Over that one layer of absorbent cotton is laid and a strip of cold wet cloth is placed inside. This is pinned together carefully with tiny safety pins.

Difficult Course

There are golfers so engrossed in the game that they can think and talk of nothing else. Such a one was taken by an astronomer to look at the moon through a telescope. Asked what he thought of that satellite, the golfer replied: "It's a' richt, but it's awfu' fu o' bunkers."—Boston Transcript.
