EXHIBITS PLANNED FOR INTER-STATE FAIR OPENING

Announcement has been made by manager Schoe of the Oregon Inter-State Fair that a prize of \$100 has been provided for the best community exhibit at the fair this fall.

The Powell Butte Community and the Ochocho Project farmers, both having good organizations, have promised to compete for this prize, and from the interest already manifested there will no doubt be enough products of the first class to fill a large part of the pavilion at the 1920 show, from these two communities alone.

Excellent growth is being made in all kinds of crops, and it will keep the Powell Butte community, which has long been at the head of the list in Central Oregon Communities, busy indeed to keep ahead of the Ochocho Project fellows this fall.

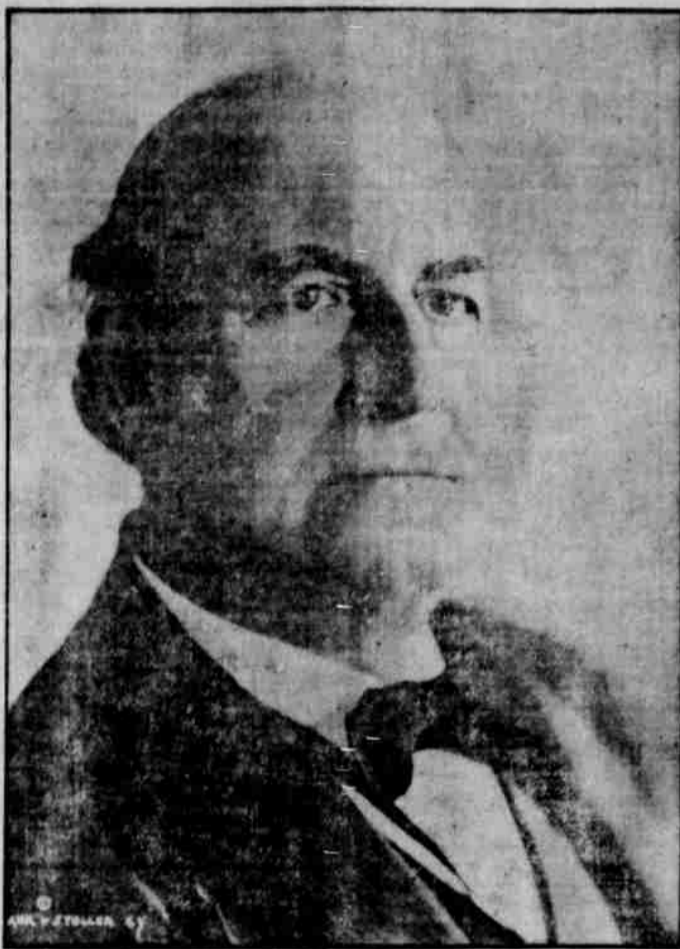

This is the first year that Ochocho Project farmers have had an opportunity to demonstrate what their

lands can do, and they are making an excellent start on crops that will be difficult to excel.

Following the Oregon Inter-State Fair, the exhibits will be taken to Portland and placed on display in the Oregon building to show visitors there what this part of the state is doing.

There has never been a time when crops looked so good, and there should be a pavilion packed with exhibits at the fair, which comes the first week in October, and the rivalry between the two communities mentioned above should bring out the best that they have to offer, which will be a good showing, indeed, this year.

If you live in either of the above communities, get in touch at once with the secretary of your organization and plan to furnish your part of the exhibit.

The big climax of the West Coast Chautauqua came for the children on Monday afternoon, when the pageant for which they had been practicing for almost a week was presented in the afternoon program, under direction of Miss Kinney, the children's Chautauqua Lady.

The entertainment was in the form of a citizenship pageant for children, and the groups were divided into campfire girls, boy scouts, story book spirits, troubles, dolls, and gardeners.

The children spent a great deal of time and threw their hearts into the preparation of the pageant, and the unstudied enjoyment with which the children went through their parts was a delight to behold. Both the children and Miss Kinney are to be congratulated on the success of the performance. A great deal of credit is also due to the parents in drilling the children at home.

MEETING OF COUNTY CHAUTAUQUA ASSN.

The members of the Crook County Cooperative Chautauqua association met Tuesday evening with V. V. Harpham in the chair in the absence of Charles A. Ross.

After a discussion, it was decided to build a booth on Main street to sell season tickets to the Ellison-White Chautauqua during the celebration to be held in Prineville the Second, Third and Fourth of July. E. E. Evans, Mrs. Sam Babcock and Mrs. Charles Goodnight were appointed members of the booth committee.

ENJOY PRINEVILLE'S NEW CAMP GROUNDS

F. S. Barlow and family have been spending a number of days in the Prineville Camp Ground. Mr. Barlow said he originally started from Nevada twelve years ago, and that he has been on the go ever since. Mrs. Barlow said that the ovals installed in the local grounds are the most convenient and practical that she has ever had the pleasure of cooking on in the years of camping out. They arrived in Prineville Sunday night.

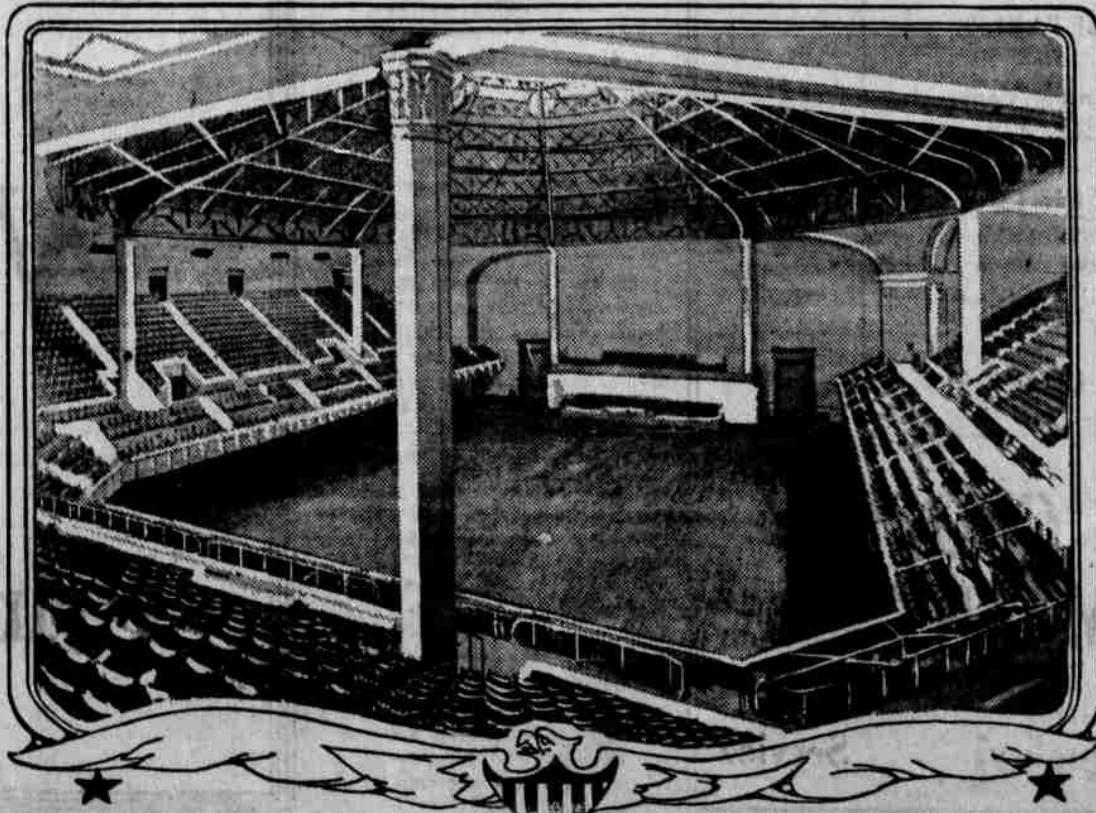

Another party spent Monday and Tuesday in the Prineville grounds consisted of Alonzo S. Dyer and son, Vern, and Frank Craig. The former are from Boise Valley, and the party is making a tour of the country. Mr. Craig made a visit to Prineville about 20 years ago, and thinks that the appearance of the town is much improved.

13,000 GALLONS OF GAS ARRIVE

On Tuesday of this week the Standard oil station received 13,000 gallons of gasoline together with one car of kerosene. At the present time there is remaining of the June stock of Gasoline about 4,000 gallons, which the management hopes will last until July first, as the amount just received is for July consumption.

The station is only delivering to their customers just 75 per cent of their regular amount.

The Standard Oil Station Manager, Mr. S. M. Campbell, wishes to express his sincere thanks to the public and the garages for their earnest support during the gasoline crisis, and that they will still continue to save the gasoline as they have during the past until there is plenty available.

OCHOCHO FARMERS HAVE LARGE PICNIC

The families of the Ochocho farmers together with a large number of guests, met for a picnic on Lytle creek, near Porter's Sawmill. About 250 were present.

The dinner table was fifty feet long, and, according to Fred Hoelscher, when they started to eat the table was so bountifully laden with good things to eat that there was not room for an extra peanut, and when everybody was satisfactorily filled up, there were not enough crumbs left to feed a chipmunk.

One of the features of the morning was a cake contest between the ladies who furnished these indispensable edibles for the occasion. The cake of Mrs. John Arnold was adjudged the best among the array of cakes of every kind, and for this she was given a year's subscription to the Central Oregon Enterprise. Ed Jones, R. M. Powell and Ed Estelle were the judges, and accepted their positions without any hesitation.

\$25.00 in prizes were distributed to the winners of the races during the afternoon.

A short program consisting of recitations by Darrel and Vera Wilhoit and the rendering of Mrs. H. W. Howard's latest poem, entitled, "The Wild Horse Speaks," was given.

Everyone present enjoyed the day to the fullest extent, and hoped for another such picnic soon.
