BETTER MARKETING—BETTER PRICES

"The pinto bean growers of this state have earned \$2,000 in additional profits from their 1919 crop through their co-operative marketing associations..."

marketing through the association. Sixteen warehouses, properly equipped with grading and packing machinery, have been erected.

U'PHOLDS MIGRATORY BIRD LAW

Sportsmen who merit the title in the United States have been much interested in the protection of the migratory birds by the Federal Government.

"Here a national interest of every nearly the first magnitude is involved. It cannot be protected only by national action in concert with that of another power."

Reason for Friendship

Almon had never taken a liking to Junior, and rarely played with him. Several days ago I noticed that he must have overcome his dislike for the older boy, and upon questioning my small friend, he modestly explained:

Greatest Cotton Producer and User

The United States consumes more raw cotton and spins more cotton yarn than any other country producing more than 99 per cent of the fabric required for domestic industry.

The Arrival

The Baby—As a protest against the high cost of clothing, I didn't bring anything at all.

ARMENIA ONCE WAS MIGHTY

Almost Crushed by the Religion of Islam, Its People "Learned How to Bend."

Armenia, now regarded as a country full of starving, oppressed people, was once a great state—one of the few ancient people never Hellenized, according to history.

BIRD LAW

Sportsmen who merit the title in the United States have been much interested in the protection of the migratory birds by the Federal Government.

SAVAGES USED POISON GAS

Natives of Brazil Successfully Employed That Weapon Against the Spanish Invaders.

The Guaranis and other native tribes along the Rio Parana, in Brazil, used poison gas centuries ago for military purposes.

When attacking a fortified village they would prepare pans of glowing coals, which they sprinkled with a kind of pepper called "agi."

Homes of Birds Don't Change

Styles with the creatures out of doors do not change. The nests of the birds this spring will be exactly like those they built last year.

World's Oldest Drawings

The oldest drawings in the world are believed to have been made about 25,000 years ago by prehistoric man in the caves of the Pyrenees mountains, says Boys' Life.

Untrue Courage

There is a sort of courage, which I frankly confess it, I do not possess—a boldness to which I dare not aspire a valor which I cannot cover.
