Wright, deceased, that he has made and filed with the County Clerk of Crook County, State of Oregon, his final accounting of his administration of said estate, and that the County Court of said County and State, has set Monday, the 19th day of July, 1926, at 19

Dated and published first time, June 17th

OREGON NEWS NOTES OF GENERAL INTEREST

Principal Events of the Week Briefly Sketched for Information of Our Readers.

An investigation will be made by the state fire marshal of the recent fire at Rend

The census report gives Pendleton population of 7387, an increase of

2927, or 65.6 per cent. Issuing of \$100,000 bonds for haror development was voted at a meet

ing of the Port of Portland. Beginning July 1, clerks and carriers of the Eugene postoffice have had

their salaries increased \$200 per year The extremely hot days in Southern Oregon recently caused many forest fires from the electrical storms in the

mountains.

The Astoria city council has authorized a landing slope for hydroplanes to be constructed at the foot of Fortysecond street, in that city.

Better wheat and better prices for the Lian county product constitute the purpose of a general campaign launch ed by S. V. Smith, county agent.

Governor Olcott appointed W. D. McCurry of Portland, to succeed Edwin A. Hatch, who has resigned as a member of the Oregon board of phar-

The Linn county threshermen's cor vention will be held at Albany, July 17, to establish a uniform charge for threshing and fixing wages for the

E. Woodson of Heppner was appointed a member of the board of regents of the University of Oregon to succeed Judge Bean of Portland, who resigned.

Frank M. Erickson, formerly head of the department of education in the University of Idaho, has been elected professor of education in Williamette university.

A term of from three to 20 days in the county jail awaits automobile and motorcycle speeders in Salem as the result of an ordinance passed by the city council.

According to State Veterinarian Lytle thousands of cattle from Western Oregon are being shipped into Idaho and Montana to replenish herds of those states.

C. E. Woodson of Heppner has been appointed to succeed Judge Robert S. Bean of Portland, resigned, as a mem ber of the board of regents of the University of Oregon.

Surveys on a new road from Ukiah were agreed upon in a conference between officers of Umatilla county and delegations from Ukiah, Pilot Rock, Pendleton and Long Creek.

Douglas county realty men have me and passed resolutions refusing to sellany land to Japanese, fellowing the visit to Roseburg of agents for a Japanese colonization scheme.

Attorney General Brown has been asked to give a legal opinion as to whether a director of an irrigation district is a "public officer" and sub-

machine with an automatic feeder. He which may be attached to the grader.

H. G. Summerlin was acquitted by a federal jury in Portland for the charges made by the government of setting fire to brush in the Umpqua national forest near Gravel Ford, Or.

It cost Hans Pederson \$410,481.83 to build the Portland auditorium. The elty paid him \$347,083.06 for the job. This fact was brought out at a session of the auditorium claims committee last week.

As a result of a series of almost nightly robberies and petty thieving at the Salem automobile camp ground for tourists, a night watchman will be installed to protect campers from further pilferings.

Upon the recommendation of Attorney General Brown, the desert land board of Eastern Oregon has voted to purchase and install a fish screen at the Tumalo creek dam, a few miles

County courts in making their annual budgets of taxes should take care of mandatory levies in preference to those levies of a discretionary nature, according to Justice C. A. Johns, in supreme court opinion.

Lina county is richer by \$75,927 this year than at this time last year, according to the semi-annual report of the county treasurer, who says that there is on hand a cash surplus of \$132,020.69 in the treasury.

Oregon dairymen want to charge \$1 per hunderweight more for milk delivered to homes in Portland than for the same milk sold to condensaries. This fact was made public by Investigator Lionel C. Mackay of Portland's egal department, who has just completed as investigation of the increased price of milk as far as Portland distributors are concerned.

AN OLD LANDMARK

Built when Prineville was still in its swaddling clothes, the Hamilton Stables on Main street remind us of the days when the young swain paid Stables on Main street remind us of the days when the young swain paid his so-much-per-hour fee and clattered out of the barn with his livery rig to go a courtin'. Now it is done in a gas wagon and changing times have almost taken the picturesque cowboy from the streets. At least, we no longer see them thunder into town, pull up before the corner bar and proceed to "liquor up". Of the latter fact, we are the most certain'. The Main Street Stable had a atmosphere of fifteen years ago during the Round-Up last week, when behooted and be-spurred riders in all their trappings tied up at the barn. It looked like old times to see them on the streets and to hear their yarns

on the streets and to hear their yarns again. After all there is nothing of the "movie" nature about the make-up of Central Oregon riders. They wear their chaps and spurs naturally and that they are good riders

has been proved.

In these days when garages are
the vehicle houses on main streets.
Prineville need not be ashamed of its stable. Visitors may turn up their noses or hold them but local citizens will point to it as evidence that Princyille is still the cen-

dence that Princylle is still the cen-ter of a great stock country and that a stable is able to hold its own on the main "drag."

Our old timers could tell many an interesting story about the Hamil-ton stables. They might with per-satsion tell about its numerous ownhow schemes were cooked up in its stalls; how range stories were swapped; how bucking contests were daily occurrences in the back corture has nearly burned. its haymow has sheltered many a spree with old John Barleycorn—a thing of the

And what of the fate of the stable! Of course, it is common prediction that the structure will eventually burn-such is the fate of all land-marks. As the building now stands it is a reminder that Princville is still in its pioneer stage of development, with a wider field ahead.

WOULD YOU WAIT FOR SPECIAL PERMISSION

What do you think of having to telephone for permision to run a flock of bears—and then having your more or less paliptating proposturned down?
That is what happened to J. W.

Hodge a fire guard on the Shenna-doah Forest a few days ago.

Hodge was stationed at the look-out tower on Hankey mountain. It was his job to scan the skyline and to make expert diagnosis of far away smoke smudges or any other indi-cation of fire in the forest. This particular morning when he went to the lookout tower on the mountain top, he failed to attach his gun to his person. It was a mere formality, anyhow—and guns are cumbersome

things to carry around.
Well, he got into his lookout box
and began searching the dim blue
distances that looked like the further fringes of the world. He was very busy at that for a while. Then his eyes came back closer home, and what he saw made him wish for an airplane to take him immediately to one of those far fringes. Three bears were browsing around only a little distance from his lookout tower. They were not apparently giving him any thought, but he did not know soon they might become hun-There being no airplane at hand, he decided to use his legs.

Then he remembered he could not leave his post without permission. so he called up District Ranger Shanklin, laid the case before him, and requested permission to go for E4, Sec. 8, N4, SWASWA, Sec. 17, N4, his gun. He was promptly told that the thing was impossible. The for- 17,E, W. M., Embracing 1510.47 acres. Serial the thing was impossible. The lotrests were dry, and fire might start
anywhere at any time. Bears or no
bears, it was Hodge's business to stay
in that lookout box. Being a perfectly good forest guart, he stayed.

Public land sale, Department of the Interior, U. S. Land oflor, U. S. Land office, at The Dalles, Oregon, July 9th, 1929.

Notice is hereby given that, as directed by
freaton to the final allowance of the selection, abould file their claims or objections in
the Commissioner of the General Land Ofof Princylle, Oregon, who, on June 12, 1928. Another forest ranger nearby hap-pened to listen in on the telephone est, 1220. ing help to Hodge.

UP 8. SAVINGS ORGANIZATION

Net sales of Thrift and War Savings Stamps and treasury savings certificates throughout the United States and its possessions for the first five months of 1920 amounted to \$26,985,842, according to Treasury Department reports to the Government Savings Organization of the of July, 1920. 12th district.

Oregon has net sales amounting to \$50,917 from January 1 to May 31. the next largest percentage of any state on the coast; Washington being first with \$644,436. Officials of the savings division of the Treasury Department feel that the period of loose spending by the people following the war is virtually at an end and that the financial situation will stabilize itself through sober thrift and saving by the people and continued investment in the securities of the Government. Oregon has been a leader and shall continue to be providing the people accept the challenge and endeavor to hold it as the standard of leadership.

Fierce Heat for Fast Frying

LOW FLAME FOR SLOW COOKING

The "Red Star" oil range will develop a heat much more intense than you have ever thought possible from an oil-burning stove. Or the "Red Star" may be regulated to a low even heat for slow cooking. The wide range of its heating intensity will astonish you

DETROIT VAPOR OIL STOVE

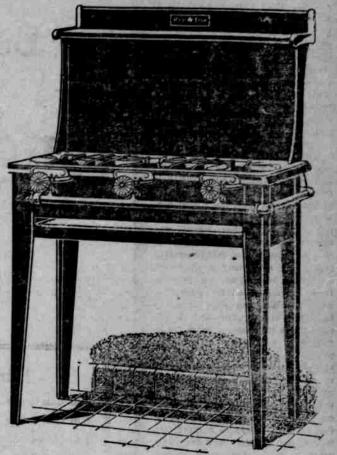

Is the first and only, stove to operate on all grades of liquid fuel, entirely without the aid of wicks or asbestos rings.

Amazing Cooking Efficiency and Economy

Many official tests have been made recently, by impartial and competent judges, to determine the relative cooking efficiency and economy of operation of all the best-known oil stoves. The "Red Star" won all points without exception. It is the most efficient and economical oil stove on the market.

Famous "Double-Ring-Flame" 8 1-2 lb. Burner

This patented burner is responsible for the world-wide success of the "Red Star". It creates its. own gas, from the cheapest Kerosene, by vaporizing all of the heat units in the fuel. It leaves no obnoxious odors or fumes. The heavy, iron rings become red hot and concentrate an intense heat under the utensil.

Let us show you the many exclusive features of the "Red Star". Let us show you why it is absolutely safe; why it is easy to clean; why it is so simple to operate and why it will give you an ease and economy in cooking such as you have never had.
